## Pine Hills Lakes granted extension for road work

by MARY FOLEY  
Lakeland Newspapers

The Pine Hill Lakes Phase III development was granted a limited extension of time to complete the final lift of asphalt for the roads. If the pavement work is not completed, the Village of Antioch will be required to lower the manholes.

The manholes were lifted in anticipation of the final pavement work. However, delays in that work have caused some concern with village officials.

An extension of time to complete the street work was granted until midnight of Nov. 14. If the final lift of asphalt is not in place, the village will have to lower the manholes so that snow plowing can be done.

If the village is required to do the work, the costs will be paid out of a letter of credit from the developer. This letter of

credit will expire on Dec. 30.

A letter was sent to the developer on Oct. 1 voicing village concerns. The developer did respond to the letter and included a copy of a contract to have the work done by Skokie Valley Asphalt.

The Village of Antioch had been delaying building permits because the asphalt work had not been completed. However, with the extension, permits will again be granted.

According to Bob Silhan, Director of Planning, Zoning, and Building of Antioch, asphalt work cannot be done after the middle of November since most asphalt plants close down for the winter. Furthermore, the possibility of a significant snowfall increases after the middle of the month.

While the extension to complete the roadwork expires in the middle of (Continued on Page 7)

## Schley replies to issues of ACHS referendum

by MARY FOLEY  
Lakeland Newspapers

Antioch Community High School Superintendent Dr. Robert Schley addressed several referendum issues in a written statement. In that statement, Schley directly responded to some of the charges alleged by the Better Education Sensible Taxes (BEST) group.

Responding to BEST's charges that the school spent \$425,000 for new paint, wallpaper, and carpeting, Schley points out that the entire maintenance budget is \$425,000. According to Schley, \$200,000 was spent on a new fire alarm system. Only \$4,000 was spent on paint, wallpaper, and carpet and those areas had not been updated in 23 years.

Schley goes on to emphasize the current referendum is solely to increase the education fund. Some citizens seem to believe the money being asked for in the referendum will be used for building projects.

"The referendum pertains to the needs of educating the students," explains Schley. "The education fund provides salaries, books, supplies, computers, etc.... It is

not a building or maintenance referendum."

In the statement, Schley goes on to discuss the cutback measures the school board took last year. Particularly, the

cuts in the athletic program reduced participation in sports from 500 students to 350.

"The best preventative to the development of gangs is involvement," said Schley. "Program cuts make it much easier to speed up the development of gangs in the area. Presently, there isn't a gang problem at the high school."

Schley labeled BEST as a movement against tax increases without concept of the consequences. He feels that BEST is (Continued on Page 7)

## Democracy essay contest to begin

by MARY FOLEY  
Lakeland Newspapers

The Village of Antioch has proclaimed Nov. 7 through 13 as Voice of Democracy week. The Antioch VFW and its Ladies Auxiliary will be sponsoring the Voice of Democracy Scholarship Program.

This national audio essay competition is open to high school students in the 10th, 11th, and 12th grades. To enter the competition, a student need only write and then record a short, three to five minute essay expressing their viewpoints. This year's patriotic theme is "My commitment to America."

According to the VFW, students win more than awards and scholarships when they participate in the competition. Increased self-confidence, poise, experience in communicating with others, (Continued on Page 7)

## Citizen survey shows residents against Rte. 53

**HAWTHORN WOODS**—Undaunted by an earlier village survey that showed residents were for the Rte. 53 extension, Robert F. Carroll surveyed the same residents and found a majority were against it, something with which he feels are the true feelings of the community. Carroll's survey had a 50.3 percent return rate, with 381 homeowners, or 52 percent, responding against the extension through Hawthorn Woods, with 335 homeowners, or 46 percent, stating they were in favor. He attributes the difference from the village results of 59 percent in favor of the roadway to the background information he provided with his survey, allowing residents to inform themselves, something Village President Douglas F. Challos said they did not do "to avoid the appearance of seeming biased toward the outcome."

## Vernon Area Library to host open house Sunday

**VERNON HILLS**—The new Vernon Area Public Library opened its doors to the public at 9 a.m. Sept. 15 after moving 90,000 items over from the old facility. The staff will hold an open house for patrons from 1 to 5 p.m. Oct. 24, featuring tours, entertainment, gifts and refreshments for the whole family. A dedication ceremony will begin at 2 p.m.

## North Chicago teachers are manning picket lines

by MARK HAHN  
Lakeland Newspapers

North Chicago students took the day off Wednesday after the North Chicago Council of the Lake County Federation of Teachers has called a strike on Dist. 187 late Tuesday evening after seven months of what it terms nonproductive bargaining with the North Chicago Board of Education.

The board says it cannot afford to fund a pay raise and teachers says they are unfairly shouldering the burden.

"Last March, while faced with possible dissolution of the district, the board of education came to the bargaining table with a long list of cuts in benefits, pay, and work rules," said Terry McHugh, union president.

"Despite their decision not to dissolve and the infusion of over \$2 million in new money to the district coffers, the board's demand for cuts remains unchanged after seven months of bargaining."

"Administrators, whose benefit levels are much higher, have not been asked to take these cuts. The 270 teachers and teacher aides have worked long enough without a contract," McHugh said.

Glenn Smith, field director for the Lake County Federation of Teachers and chief negotiator for the union, added, "The board has fired over 70 workers equipped to handle these tasks. The acting superintendent has been insulting and

## Church youth to raise funds for PADS shelter

**MUNDELEIN**—Area church youth will take to the "street" Oct. 23 as part of a fund raising event to benefit PADS (Public Action to Deliver Shelter) program. Confirmation classes from Santa Maria Del Popolo Catholic Church, Faith Lutheran Church, St. Andrew's Lutheran Church and Kirk of the Lakes Presbyterian Church will serve a special "Super Supper" from 5:30 to 7:30 p.m. Oct. 23 at the Kirk of the Lakes Church, 1500 W. Hawley. Donations for the dinners will go to PADS. The teens then plan to spend a "homeless" night outdoors sleeping in cardboard boxes donated by local appliance stores.

## Coroner inquest called for Savage infant deaths

**WAUCONDA**—Lake County Coroner Barbara E. Richardson has announced an inquest has been scheduled in order for a jury to determine how the three Savage infants died. A six-member jury will convene on Oct. 27 at 1:15 p.m. in the Lake County Building, 18 N. County St., in conference room C on the tenth floor, to determine how Michael, Amber and Cynthia Savage died. Coroner's inquests are required under state law to be conducted to determine the manner of death for anyone who died of unnatural causes. James Wipper, Lake county chief deputy coroner, said numerous people involved in the investigation will be called to testify.

## Haunted barn to raise funds for flood relief

**GRAYSLAKE**—Visit the "Poultrygeist" from 5 to 9 p.m. Oct. 23 in the poultry barn at the Lake County Fairgrounds. The Willow Creek 4-H Club promises a different kind of haunted house with a headless horseman and the Three Billy Goats Gruff. Ghoulish grub will be served at the Wacko Witch's Kitchen. Proceeds will go towards flood relief in Adams County, helping to finance the rebuilding of their pumping station. Admission is \$2 per person, at the Rte. 120 entrance.

abusive to staff, and claims to be unaware of any problems. When teachers are told they 'haven't given enough' by the president of the board, its time to take a stand," Smith said.

The board of education has attempted to get the union back to the bargaining table through a proposal asking for a pay-freeze in exchange for capping costs on some of the employee benefits.

In the proposal, the amount of money the board spent on health insurance would have been frozen at last year's rate and as a result, the board would have experienced a savings of less than \$10,000. "Currently, any kind of pay change is pretty substantial, and even at a pay-freeze, it would cost the board," said Martin McConahay, district comptroller. "The board would have to pay out \$168,000 for the annual step increase for teachers, and for every percent above that, it costs the district \$150,000. To fund a five percent pay increase, it would cost the board \$918,000."

"If we go anywhere beyond a pay-freeze, we would go on spending more from the educational fund then we will receive. By the end of the 1994-95 school year, we would be back to where we were spending approximately \$1.5 million more than we were receiving in the educational fund, and that's exactly the type of situation that led to the district filing for dissolution."

## Village takes fees over new building

**ROUND LAKE HEIGHTS**—The village board tied 3-3 and needed Mayor Terry Lumpkins vote adopt an impact fee agreement instead of a developer donation of new village hall from Cambridge homes which is slated to have a 294-unit development off Lotus Road. Lumpkins said he thinks the impact fee money can be used for working on fixing flood problems in the village. Trustees Debbie Borsic voted no because she isn't sure the current village hall can be brought up to American Disabilities with Act standards.

## Woman gets hit by car and is killed

**LAKE VILLA**—A resident was killed last Friday when she was struck by a car at the 149 block of Route 83. Idelle Flemming, 62, 149 N. Milwaukee Ave., was pronounced dead at the scene. According to police reports, the driver, Margaret Zwetter, didn't notice anything on the road and didn't notice anything until it was too late. Flemming was wearing all black.

## Village and school boards talk fees

**LINDENHURST**—The village board invited school board president Agnes Clifford to come to the village committee meeting to discuss impact fees or developer donations to school districts. Lindenhurst has a flexible formula based on what the districts feel is appropriate. Clifford said the school districts are left to fight a developer alone if a developer sues them. She said her board is considering an impact fee structure based on what it costs to educate a child in the district.

## Increased value

Fox River Shores, the upcoming District 118 referendum will surely help your property values if passed. Realize this and vote yes on November 2.

## Upset about ignorance

I am calling about the Antioch High School referendum. I was quite upset about the article I read in the paper last week concerning the voters in Antioch who appear to be unfamiliar with what is actually going to be on the ballot. The blanket statements saying, "No new schools" is really out of line. It is necessary for everyone to get the facts in order to make an educated decision. I am not telling you to vote for the referendum, but I am telling you to get the facts. The referendum has nothing to do with getting a new school. All they are asking is a much smaller tax increase than the last time to be spent on education. Not a new school!

## Vote yes

I would like to make a comment about the ACHS education fund referendum. If we have a good school program, more people will want to move here, making our property values go up. It is a win, win situation. Vote yes for the referendum.

## Costly visit

The cable company charged me \$2 to go into their office to show proof of my senior citizens status in order to qualify for a senior discount. That stinks.

## No help received

I would like to say to the mayor of Round Lake Beach, the public works department, and the building department, you were not there for me when I called for help. I will not be there for you at the next election. I continue to get water into my house. Thanks for the help I did not get!

## Appropriate name

The other day on the way home from school, my son was beat up by gang members. This was done by a new gang called the "Lowlives." Our police tell us that things are not bad in Round Lake Beach. But, ask our police officers how many of them have moved out of Round Lake Beach. I think our police should be required to live here. I bet things would improve then.

## Voter education

I am from Island Lake. I think that everyone needs to find out the issues concerning the upcoming referendum. If you were unable to attend the rally on Oct. 18, at least call the school and ask.

**Editorial note:** Dear readers, we have received an overwhelming number of calls in support of both District 117's and District 118's upcoming referenda. Sorry we cannot print them all.

## Bad neighborhood

When we moved into Lake Zurich we thought we would be into a smaller town and friendlier neighborhood. We have met some lovely people, unfortunately, they are not my neighbors. Our neighbors let their dogs bark, play their radios very loud, and run water onto your property. The worst thing is that village officials and police do not do anything about it. Our society is going to poop.

## Chain mayors to discuss restrictions

by TINA L. SWIECH  
Lakeland Newspapers

In response to talk of pier and boating limitations on the Chain, Mayor Ken Hamsher of Fox Lake has set up a meeting with the mayors of surrounding towns.

On Friday, Oct. 22, Hamsher will meet at the Fox Lake Community Center with head officials from Antioch, McHenry, Algonquin, and Fox River Grove, to talk with Karen Kabbes, executive director of the Chain O' Lakes

Fox River Waterway Management Agency, and possibly the Army Corp of Engineers.

Pete Jakstas, ESDA coordinator and advising commissioner for the waterway agency, said that after the Army Corp sent copies of the new study to Fox Lake officials, they wanted them to review it and have a response back within 45-days. This was way too short of notice, according to Jakstas. Mayor Hamsher agreed that the book he held up at the

board meeting looked like a Donnelly Directory.

According to reports, if the Army Corp gets what they want, boating on the lakes and river would be cut down to a minimum, and no new piers would be placed in the water, except maybe with stiff permit fees.

"If it weren't for the restaurants, bars, and marinas," Jakstas, 40-year Chain dweller said, "then people couldn't afford to be on the lake."

## Red Ribbon Week fund raising drive a success

by MARY FOLEY  
Lakeland Newspapers

Last week, many residents may have noticed people in the streets with red ribbons. The Antioch, Lake Villa, and Lindenhurst Parent's Network (ALL) were out in force to solicit donations for their post prom program.

Nationally, Red Ribbon Week is Oct. 23 through 31, but due to a conflict with

the Knights of Columbus, members of ALL were out gathering donations last week.

According to Ellen Ipsen, ALL representative, the contribution drive was very successful. While they wished they could have worked this weekend, public response was excellent.

"We were absolutely thrilled," said Ipsen. "People were very positive."

The money collected during the drive will be used for the Antioch Community High School post prom party. ALL has been active for three years in an effort to avoid drinking and driving fatalities after the school's prom.

Locally, other Red Ribbon activities include the COURAGE parade and rally on Oct. 30 at 10 a.m. The parade will

leave the College of Lake County and proceed to the Lake County Fairgrounds.

Red Ribbon Week is aimed at educating, mobilizing, and involving communities to eliminate drugs in the community. Lake County is also participating in designing and promoting a drug free healthy lifestyle for its employees and the community.

## Board orders final purchases for Orchard St. project

by MARY FOLEY  
Lakeland Newspapers

The Antioch Village Board is moving to complete the final purchases for the Orchard Street extension project. A first reading of a condemnation ordinance took place at the village meeting.

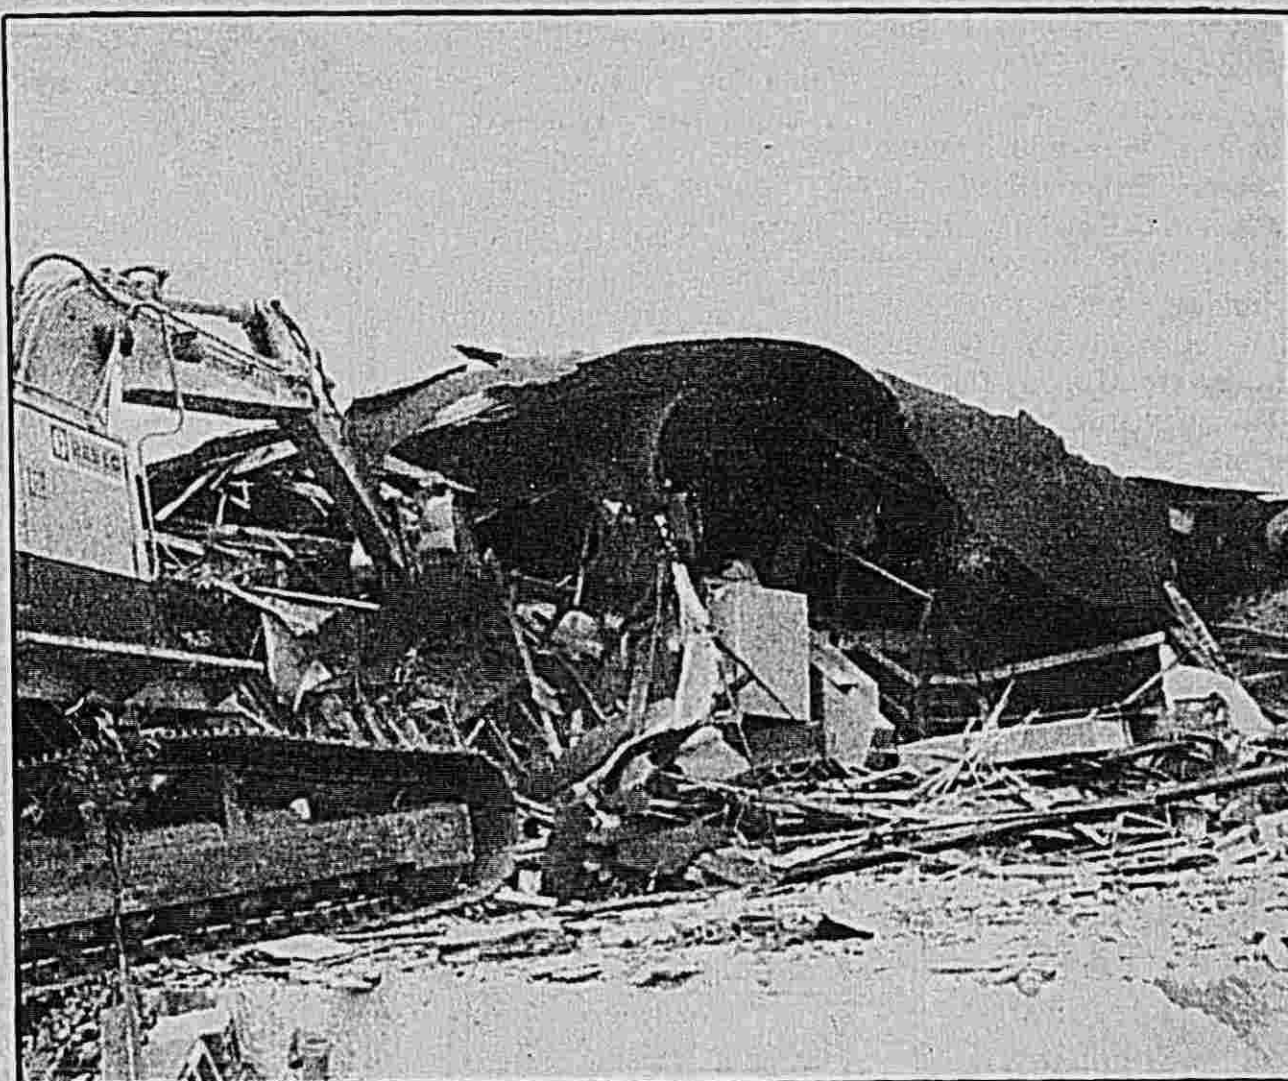

One of the pieces of property subject to the ordinance is owned by Antioch Gasket. It is located on the south side of Depot street. The other property is located on the north side of Depot and is owned by Nu-Way Speaker Products. The total price for both properties is \$2,550.

According to Mayor Marilyn Shineflug, both pieces are very small. They are needed for the right of way. These will be final purchases for the project.

The Orchard Street extension project will extend Orchard Street to Depot Street. This project is the beginning of a larger plan to renovate downtown Antioch.

Shineflug assured the audience that this condemnation purchase was not unexpected.

"This is not a new issue," explained Shineflug.

# Separation often hardest for parents, grandparents

## Not easy

The first few weeks into the Camp Crayon session some of the little ones have a hard time separating from the homefront. When they begin to cry and beg to leave with mom or dad, it becomes very difficult for the parents also.

On this particular day, one of our new little misses was brought to Camp by grandma. When it was time for grandma to depart, the little one began to cry and chase after her. I picked her up to the window so she could wave to grandma and when I noticed how upset grandma was to leave her loved one behind in such a turmoil, I, too, felt like crying. I put myself in that grandmother's shoes, instantly realizing how difficult it would be for me to separate from "Mee Mee's girl (Alyssa Janelle) under the same circumstances. Parents are definitely softies but grandmothers are sponges, soaking up these hard moments to the fullest.

However, rest assured, moms, dads, grandmas and grandpas, once you are on your way, the little ones quiet down very quickly and normally end up having a fun day. Miss Marie, Miss Liz, Miss Mary and Miss Lois are all parents and we know that special words of encouragement and a little extra TLC go a long way in bringing the little ones around to enjoying the program.

## College night

Antioch Community High School's Annual College Night will be held at the school on Tuesday, Nov. 2. Representatives from over 50 colleges and universities from throughout the midwest will be in attendance, providing information about their schools and to answer questions. The college night will be from 7 p.m. till approximately 9 p.m. on the second.

## Library

There are new "winter" hours at the Antioch Public Library. From Labor Day to Memorial Day, the library will also be open on Sunday from 1 to 5 p.m. The other library days and hours are Monday through Thursday from 9 a.m. to 9 p.m. and Friday and Saturday from 9 a.m. to 5 p.m.

The Antioch Library "Friends" volunteer group is always busy at work helping the library. If you are

interested in joining, you can pick up an application at the library. The library would like to thank the following businesses for their support of our summer reading program, Ben Franklin, Dollar Video, Domino's

Please remember if you have a hobby or collection that you would like to share with the public, inquire about utilizing one of the library display cases. They have space available for children's hobby items and also for adults. The library board will be meeting at 4:30 p.m. on Oct. 26 and Nov. 30.

## Be careful

Often times when I am out and about, I see youngsters on roller skates, skateboards, bicycles and occasionally motor bikes, motor scooters or go carts. Sometimes I have observed these fine, fun-loving young people doing dangerous things, as they often engage in these activities on area roadways sharing space with cars and trucks. When I see someone literally taking his/her life into their own hands, I stick my nose in by giving a few quick safety tips.

I love to see kids have fun. I don't ever want to see a child (or anyone) get struck by a car or truck. So be careful, little ones, and always be aware that cars and trucks are a lot bigger than you are and could potentially do a lot of damage if you experience an encounter with them.

Parents, please continually remind your youngsters of the safest ways for them to have fun. If they must enter the back roadways to experience some of these fun activities,

make sure you inform them of the safest ways to share these roadways with bigger and faster vehicles. It is always better to be safe than sorry.

## Time to vote

Don't forget that Tuesday, Nov. 2, is election day in the Antioch area. Local polling places are open from 6 a.m. to 7 p.m. If you are a registered voter and fairly new to the area, a call to the election's office in Waukegan will answer any questions you may have as to your designated polling place. There will be several issues on the ballot, including the election of school board candidates and the ACHS education fund referendum.

Remember your vote is your voice for or against issues. So please circle Nov. 2 on your calendars and make every effort to make your voice known.

## Just call

As I meet here and there and they discover I am "The Lizard," they often inquire how one gets a tidbit in "Hometown Goodies." For those that do not know, all it takes is a phone call to 395-5380 or you can also drop me a short note at 41142 N. Clara Ave., Antioch, Ill. So, if you are involved in a birthday celebration, wedding, anniversary, class reunion, new arrival, school or other sporting event, a community service, school or community fund raiser or are witness to a comical blooper, etc. give me a call and your special tidbit will be included in "Hometown Goodies."

It's fun, it's easy to do, and your friends and neighbors enjoy reading about you. Don't be like the nice lady who turned 50 years old in January and kept it a secret. Let everyone know what's happening in your life. Right "E"??

## The referendum must pass says Newcomb

by MARY FOLEY  
Lakeland Newspapers

Steve Newcomb, school board candidate for Antioch Community High School feels that the upcoming referendum must pass. A graduate of ACHS, Newcomb wants to see the school remain competitive.

"It is the best solution to the immediate problem," explains Newcomb. "Something needs to be done now."

While Newcomb admits that the idea of raising taxes is not a popular one, he feels that residents must face the fact that there is a problem.

"No one wants to have their taxes raised," said Newcomb. "But, the school does have a deficit."

Newcomb is committed to the school. He is currently volunteering on the Finance/Funding Committee of the referendum steering committee. He does not want to see the school lose the extracurricular activities and technical programs.

While Newcomb does not have children in the district, he has been continuously

Steve Newcomb

involved in the school since graduation. He decided to run at this time because of the problems currently facing the school.

Newcomb is a manager at True Value in Antioch. He has lived in the area for over 20 years and is currently finishing coursework for his bachelors degree.

Schley explained. "Compared to other districts in the area, ACHS' teacher's salaries are below average."

Currently, the referendum committee has a number of presentations scheduled to inform the public of the specifics of the referendum. On Wednesday evening, Oct. 29 at 6:30 p.m., Schley and other authorities will speak at the informational meetings presented by Citizens for ACHS at the Commons area of Antioch High School.

A presentation was given to the Antioch Village Board. One older resident became quite upset claiming that the school was trying to "tax senior citizens out of their homes."

chosen to receive a total of over \$88,500 in scholarships.

The Veterans of Foreign Wars and their auxiliary have been involved in the program for over 46 years. More than 6,000,000 high school students have participated.

The village approved the development plan approximately three years ago. According to a local ordinance, this work must be completed within three years of plan approval.

## Hiller pleased with accomplishments

by MARY FOLEY  
Lakeland Newspapers

Sally Hiller, school board incumbent at Grass Lake School, is pleased with the progress Grass Lake School has made in the past four years. Hiller is one of the seven actively campaigning candidates vying for the five open positions.

"The curriculum changes are coming along great," said Hiller. "We are doing a lot of in-service programs with the teachers and are meeting with the feeder schools to coordinate the curriculum."

Hiller is a small business owner and operator in Antioch. Currently, she has one child in Grass Lake School and another who has graduated and is now attending college. Hiller also sits on the governing board of Special Education District of Lake County (SEDOL).

While with the school board, Hiller has achieved a Level III in Leadership from the Illinois Association of School Boards (IASB). Hiller has attended seminars and presentations concerning the tax cap, reading recovery, the inclusion program, and an at-risk identification program. Hiller then brings the information back to the school.

"I am proud to say I have attended all the programs," explained Hiller. "It is exciting to be able to bring back this information to the district."

Hiller feels that one of the problems facing the school is the limited access by the handicapped. The building has multilevel floors and the school may be

Sally Hiller

faced with putting in an expensive elevator.

"We must bring the building up to the guidelines of the Americans With Disabilities Act," said Hiller. "This is a major expense facing every district, not just Grass Lake."

Hiller is very proud of her voting record on the board. She feels that other school boards need to limit school salary raises to the 5 percent tax cap.

"I stand by my voting record that I have not voted any salary increase in excess of the 5 percent tax cap," said Hiller. "This is something all schools need to do."

Hiller is please with the work she has done in the past four years and hopes local residents will vote to reelect her.

## Marquart wants changes to continue at Grass Lake

by MARY FOLEY  
Lakeland Newspapers

Cynthia Marquart, incumbent school board member of the Grass Lake School Board would like to see the positive changes at the school continue. Marquart is one of the seven actively campaigning board hopefuls vying for five openings.

"I see a lot of positive things happening at the school," explains Marquart. "I want to see it continue."

Marquart finds this to be an exciting time for Grass Lake School. The school is in the process of changing its curriculum. Intensive research is being done to establish a better academic program.

"We are in the middle of change right now," said Marquart. "I don't think our curriculum was ever well formed."

One of the things that Marquart would like to improve at the school are the test scores. She hopes that the intensive focus on academics will help to raise these scores.

"If I could change anything, I would like to see our test scores higher," said Marquart. "We are pulling together all of our resources."

According to Marquart, there has always been a great deal of community involvement with the school. Originally, there were nine candidates running for five open positions. Marquart does not find it unusual there were a large number of

Cynthia Marquart

candidates for Grass Lake School Board.

"We have a very involved community," explains Marquart. "There has always been a lot of candidates."

Marquart worries that Grass Lake School is beginning to see a space problem. When asked if she thought a future referendum may be needed to increase school size, she indicated that the issue was dependent on enrollment.

Marquart has lived in the Grass Lake School area for over five years. She has two children in the school, Thomas in first grade and Christopher in third. When she is not involved at the school, she is a secretary.

## Police cruiser damaged during routine arrest

During a routine arrest for driving under the influence of alcohol, an Antioch Police squad car sustained approximately \$300 in damage when Michael S. Pocrnich attempted to kick out the back door of the cruiser.

On Oct. 17, Pocrnich, age 33, of Antioch, was stopped in the rear parking area of the Las Vegas Restaurant. After

arresting Pocrnich for DUI, Pocrnich was placed in a squad car to be transported to the police station.

While on route, Pocrnich began kicking the rear door of the car. According to police, the kicking resulted in approximately \$300 in damage.

Pocrnich, after being processed at the police station, was released on bond.

## Referendum

(Continued from Page 1) doing a disservice to the communities served by the district and that the group does not attempt to present any solutions or interest in constructive specifics to assist the district.

Included in the statement is a discussion concerning teacher's salaries. Lately, salaries have been an issue at many schools. Schley notes that the salaries and benefits do account for 68.3 percent of the budget because the school provides educational services to students. According to him, any service oriented business will have salary and benefits as the largest expense.

"The average salary of an ACHS teacher is \$7,328 less than the state average,"

## Chain of Lakes Church to build activity center

The Chain of Lakes Community Bible Church broke ground again for a new two story activity center. This will be the first phase of a two part expansion of the church's current facilities. Two years after moving into its new church home on Grass Lake Road they find themselves needing more space.

"We have simply run out of room for activities,"

said the church's Senior Pastor, Don Sweeting.

"This is not a 'Sunday only' church. Our facilities are used almost every morning and every evening of the week," Sweeting explained. "We have added a second worship service for Sunday, but desperately need educational and recreational space for our junior high, senior high and children's ministries."

The congregation met outside and stood around the outline of the new building while the ground breaking took place. Presentations were made to those who have worked on the project. The outdoor service was led on top of a flat bed truck while the congregation looked on. Jim Savage, the church Elder chairman, led the church in a prayer.

## COURAGE gears up for parade, rally, October 30

Three speakers have already been confirmed for COURAGE's (Community Outreach Uniting Residents Against Gangs) rally, set for Saturday, Oct. 30 at the Lake County Fairgrounds in Grayslake. Linda Bergin, event chairperson, told task force attendees at a general meeting last night.

These speakers are: Mike Waller, Lake County states attorney; Barbara Gilleran-Johnson, associate judge for the State of Illinois; and Anne Meyer, drug prevention specialist with the National Federation of Parent for Drug-Free Use.

In addition, COURAGE has been pulling last minute details together for its torch run and parade, which will immediately precede the rally, according to Bergin.

Community groups, schools, municipalities, businesses, government officials, etc. from throughout Lake County are still invited to submit parade entries and show their support for creating and maintaining safe communities in the area, she said. The deadline for submitting parade entries is Saturday, Oct. 16, and entry forms are available at the village halls of Grayslake, Lake Villa, Lindenhurst and Antioch, Bergin added.

Lindenhurst Police Sergeant Kevin Klahs,

COURAGE chairperson announced the selection committee appointed a steering committee to govern the task force. According to Klahs, committee members will hold their positions until January, when job descriptions and bylaws will be written. Elections for these positions will then be held, Klahs said. He added there was still room on the committee for members-at-large.

Also at the meeting last night, Bergin passed out a survey to determine how youth should be involved in COURAGE. The survey led to a discussion in which many members expressed that youth should have an active role in planning and coordinating COURAGE events.

The survey responses will be taken into consideration and utilized for discussion in future meetings, Bergin said.

The general meeting featured guest speakers Michelle Adams from IN-TOUCH and Laurel Dahl from FIGHTING BACK, who discussed the community approach to gang-prevention.

Adams defined prevention as the creation of positive conditions before the occurrence of negative symptoms. The most successful prevention programs involve youth, who will

create their own challenging programs, Adams said.

She added that because they put in their time and feel their input counts, the youth will take the time to participate.

Adams said that youth are all impacted at many different levels, which include: family, school, peers, community and social environmental.

"As a community group, all of you need to impact all of these," Adams said. "This is how we can work together for community-based prevention," she said. Dahl added to Adams' subject by saying that everyone in the community must be equally involved. In addition, Dahl said that prevention is not a luxury, but a necessity that is cost-effective by reducing costs in the long-run.

COURAGE has been organized to create a safe and healthy environment by taking a zero-tolerance approach to street gangs using education, prevention and intervention. COURAGE is a partnership between the communities of Antioch, Grayslake, Lake Villa and Lindenhurst. The next COURAGE meeting will be held in Antioch, at a location and date to be announced.

## Antioch Woman's Club helps support rescue squad

The Antioch Woman's Club presented a check for \$430.15 to the Antioch Rescue Squad. It was presented to Jerry Popp, rescue chief on Sept. 14 by club members Faye Anderson and JoAnne Johnson of the service committee.

The Antioch Rescue Squad benefits from many Junior Woman's Club fund raisers such as the treasure booth at the Lion's Club picnic (where this particular profit was made) and their New Year's Eve dinner dance which made a profit of \$3,000 last year. The rescue squad is a very worthy and important part of our community and is

completely run by volunteers and donations. They get no tax money. An approximate cost for an equipped rescue truck is \$105,000. It costs approximately \$2,000 per person to go through EMT and paramedic training school. All money they receive in donations is used for training and equipment. Help support the various Antioch Junior Woman's Club fund raisers and the Antioch Rescue Squad any way you can.

The Antioch Junior Woman's Club unveiled their newest pewter Christmas ornament at the Antioch chamber craft sale on Sept. 26. The ornament

is a replica of Centennial Playground. The artwork was done by Press Reckers and the ornament itself was crafted by Art Neckerman. The ornament is on sale at all three Antioch banks, the village hall and True Value Hardware store. The cost is \$5 each.

The week of Oct. 10 through 18 is the Illinois GFWC Junior week. The Antioch Junior Woman's Club celebrated by having their opening dinner on Tuesday, Oct. 12 at the Red Geranium Restaurant in Lake Geneva, Wis. on Oct. 13 it will be legislation day in Springfield for GFWC.

The next meeting will be Nov. 9 at St. Stephen Lutheran Church, 1155 Hillside Ave. in Antioch at 7 p.m. The program will be on crime prevention and self-defense for women.

## Dist. 34 will offer free screening of preschoolers at area schools

Antioch Community Consolidated School Dist. 34 will be offering a free preschool screening to all Dist. 34 three and four year old children on Oct. 25, 26 and 27.

The purpose of this screening is to identify any preschoolers in the district who may have any of the following: Speech and language difficulties, motor coordination difficulties and developmental delays.

The screenings will be located at Antioch Grade School and Oakland Grade School. Parents need to call for an appointment by

October 25.

If you live in the Oakland Grade School District call 395-1730. If you live in the Antioch Grade School District call 395-0845.

Each building principal, Mr. Jim Lienhardt at

Oakland and Mrs. Mary Kay McNeill at Antioch, will answer any questions you may have about the screening.

Don't miss the opportunity to find out more about your child and his/her development.

## BEST divides district

Editor:

The ACHS referendum slated for Nov. 2 seeks increased funding for education at the high school. The needs for this funding are acute, and important student activities are threatened with discontinuation should the referendum fail.

As this community has had no tax increase for such purposes in more than twenty years, and as this present referendum is asking no money for any school building projects or the like, the hope has been that, this time, a spirit of unanimity might prevail in the community in support of our young adults and their educational needs.

However, the group calling itself "Better Education - Sensible Taxation," or BEST, is opposing this referendum—again. In recent years, several other ACHS referenda have gone down to defeat, due in large part to the activities of BEST. For continuing with their work at this present time, in my book BEST deserves an "A." Right in its middle, as in BEAST.

They have earned this designation—through their many representations made to the public, full of statements ranging from simple deception to outright falsehood, and by their showing no concern for the loss of ACHS students' much beloved activities. BEST's actual solution for the school's financial problems is to cut the teachers' salaries, a true adolescent fantasy indicative of their general level of dysfunctional thinking and behavior.

Steven G. Ayre, M.D.  
Antioch

## Income tax lauded

Editor:

The League of Women Voters, along with the Progress Illinois, a state wide coalition of more than 50 organizations, believes that a constitutional amendment must be enacted to allow a graduated income tax take the place of our present day inadequate form of taxation.

The proof for this necessary action lies in these facts: the state has begun Fiscal Year '94 with a \$1.7 billion deficit, Illinois credit rating has dropped making it more costly to pay its bills, the pension funds are underfunded by \$13 billion and some services must be provided by court orders.

Since, 1979, growth in the state's general revenue funds has failed to keep up with increased expenses. Property, sales and income taxes at the present rate cannot generate sufficient revenue because the burden falls heavily upon low and middle income families. The richest pay six percent of their income while the poorest pay 16.5 percent. Alcohol, cigarette and gasoline taxes along with the lottery and gambling are stop-gap measures at best.

In the coming months hearings in Chicago and Springfield will be held dur-

ing the veto session. There are few strategies open to our representatives to clear our fiscal problems. The most equitable solution at this time is a graduated income tax. Stop-gap measures of taxing our "sins" will last only as long as it is more profitable to collect the tax than it is to pay the collector.

Shirley Williams, Pres.  
Lake County League of Women Voters

## Resents mud-slinging

Editor:

As an educator, active participant in education at all levels in Lake county, and concerned resident of Woodland School Dist. 50, I am deeply disturbed by the rhetoric and misinformation being advanced in the media by candidates for the Dist. 50 School Board who are campaigning under the banner "Citizens Acting for Responsible Spending" (CARS).

The current school board incumbents seeking re-election have done an outstanding job in the pursuit of improving the quality of education for children in our district, my sons included. Who are these CARS? Based on the mud they have been slinging, it seems their CAR is out of control and stuck in a rut of misrepresentation.

Where were the members of CARS when the board and the superintendent were putting in long hours (unpaid for board members) implementing innovative new educational programs?

If the CARS candidates had their priorities straight, their acronym would be CARE—Citizens Acting for Responsible Education. Until they become active in the district and realize the emphasis is on education, not just money, I hope these CARS are junked on election day.

## Pool not a priority

Editor:

The Grayslake Park District has asked us to pass a referendum to construct a community center, pool and library. The facility described in the "Fact Pack" they distributed sounds wonderful, who wouldn't want such a place to go to? The problem is that it will cost \$5.8 million.

The Park District claims that surrounding communities have community centers and/or pools and that we must offer the same to remain competitive. Was a pool tops on the priority list? Or, were good schools, taxes and a pleasant community more important?

I think keeping our already high taxes to a minimum will improve home values and appeal to more potential home buyers than a pool and fitness center. A family of four living in a \$150,000 house will pay \$603.52 per year including tax increases, pool, and fitness fees to use the facility? If you don't use the facilities you will

## The nation is watching

### Prairie Crossing project will be constructed as 'environmentally sensitive' community of future.

The price list for new homes to be built at Prairie Crossing, the futuristic and "environmentally sensitive" development in central Lake County, did not happen by accident.

Homes will range from \$185,000 to \$385,000, which the developers regard as "upper middle range," as compared to surrounding communities like Grayslake, Gurnee, Libertyville and Mundelein. Prairie Crossing's pricing was deliberate and well thought out, like everything else connected with the development that now is rising on rolling fields off Rte. 45.

Speaking as the keynoter at groundbreaking ceremonies, John Sawhill, president of The Nature Conservancy, the nation's foremost open lands preservation organization, emphasized that Prairie Crossing will not be "elitist." Dorothy Donnelly and her late husband, Gaylord, who conceived Prairie Crossing, went to great lengths to insure that the development does not become an enclave for the rich and famous.

Prairie Crossing is being launched with great fanfare and high hopes. The 317 home project on 667 acres is destined to become a model, blending residential lots, farm lands, gardens, wetlands, and commercial space into a harmonious community. The nation, indeed, the world, is watching.

## Keeping the peace

### Six-village accord designed to replace 'horse-trading' boundary disputes of the past.

When the mayors of six neighboring Lake County villages sign a boundary agreement Nov. 10, some sort of record will be set. The agreement will be the most extensive of its kind in county history.

Parties of the agreement are North Barrington, Wauconda, Island Lake, Tower Lakes, Fox River Valley Gardens and Lake Barrington. Officers of the participating villages feel the accord will head off future disputes and prevent costly legal battles over annexation questions.

Basically, the village heads have gotten together in advance to "carve up" the

remaining undeveloped and unincorporated lands that remain. The move is logical, intelligent and begs the question in a growth and development happy area, why hasn't this been done before?

Besides preventing acrimonious relationships between neighboring municipalities, the inter-locking agreements for all practical purposes eliminate the problem of developers "playing off" one village against the other to gain zoning and other land use advantages.

A good many of the village boundaries existing today were cobbled together in an atmosphere of fear, politics and horse-trading. That is exactly what the southwestern Lake County agreement is expected to eliminate. Now the byword is harmony. The six participating villages are to be congratulated.

### Scenes missed unless you're looking

by BILL SCHROEDER

Sights in our town that make you feel good:

1. Dads who treat their kids to Saturday morning breakfast and a bit of shopping. Give mom a break.
2. Homeowners who keep tidy yards and well-manicured lawns. They're the ones who rake every last leaf.
3. Good attendance at local service club lunches.
4. Family togetherness for fall excursions to the apple orchard and pumpkin purchasing.

5. Faithful fans whooping it up for the local heroes. Always the same people in the stands.
6. Crowded scout meetings, both kids and parents.
7. The happy faces of Sunday morning church goers as they head for the parking lot, especially if it's a bright, sunny day.
8. Dog owners who walk Fido on a leash, armed with a bag and a scoop.
9. Seeing the mayor and trustees turn out for events like a pancake breakfast. That's not part of their job, but you feel proud to know they care.

10. Being waited on by the boss at a local shop, only thing that tops a smiling cashier who says, "thank you," and means it.
11. Drivers who actually stop at stop signs.
12. Young bike riders who are considerate of pedestrians.
13. Seniors enjoying a chat at a downtown spot. Why aren't there more benches?
14. School board members who do their own addition and subtraction during difficult times at tough meetings.

15. Moms who make sure their toddler gets to help at the post office, lick a stamp and drop a letter.
16. Old Glory fluttering atop a towering flag pole. Guaranteed goose pimples.
17. Teens getting charged up for a worthwhile cause. Benefit car washes bring out the best in the younger generation.

# Grainger should reassess motives for neighborliness

by LINDA BRUNET VERBEKE

The entire issue of the W.W. Grainger plan to move their corporate headquarters to the Village of Mettawa has been plagued with partial truths and often with misrepresentation of facts. It has created anxiety and hostility.

I do not personally believe the representatives of W.W. Grainger are bad people, but I do believe that in their quest to complete their corporate directives they have violated some of their own noble operating principles.

I was clerk, and then trustee of the Village of Mettawa during the time the

initial Grainger plan was being presented to the village. Mr. Baisley, vice president of the corporation and general counsel, has publicly stated that members of the Mettawa Village Board were polled and looked with favor upon the Grainger plan. Most of the trustees didn't even know that Grainger was buying the property until after the purchase. There was no poll, and while some of the Board members (certainly not a majority) might have expressed some interest in the plan, those members were resoundingly defeated in the April, 1993 election. What we did do was agree to listen to all proposals with an

open mind. This is fairness, not acquiescence.

Neighbors are not just people who live nearby. Webster defines neighbors as our fellow men. Mr. Baisley has stated openly to village residents that they "wanted to be

I am shocked that the School Board of Dist. 103, Lincolnshire, would host a "fact finding" community meeting and only present one side of the issue. School Board members should certainly know that Grainger would present arguments that are clearly favorable to their proposal. And suddenly, three days before the Lincolnshire vote, to be concerned about the LML Land Use Plan when the school board has admittedly not attended any of the well publicized meetings during the last year, makes the school board look ill informed at best.

Maybe there's a lesson here. Alleged "facts" must be scrutinized carefully. The truth can only be found after a careful study. Decisions must be based on not only the truth but a strong personal integrity and an ability to judge what is ultimately best, not for the individual or the corporation, but for the good of our community, the good of our fellow man.

I stand in awe at the natural beauty of the stretch of Rte. 60 between the Des Plaines River and I-94. I disagree with Mr. Baisley when he said, "All you have to do is stand on Grainger's property to conclude that five acre residential zoning is unreasonable under present circumstances." I believe it is truly beautiful land that is perfectly suitable for five acre residential development, which would impact it far less negatively than would an office park.

I accepted the position to be of service to my neighbors. My neighbors are asking the W.W. Grainger company to re-examine their corporate pledge, which I quote, to be "a good corporate citizen," which "operates with the highest moral and legal standards."

### Union undermines system

Editor:

A recent invitation by the "Political Action Committee" of the teacher's union, Libertyville Education Assn., to the candidates running for the Dist. 70 School Board to participate in a candidate's forum surprised me. I was surprised that the union would initiate such a forum when only 40 percent of the teachers live in the district. But mostly I was surprised that the union had a "Political Action Committee." I have to wonder why?

Obviously the union is attempting to influence the election by endorsing or supporting candidates. The implication is that somehow the teachers union is better qualified to evaluate potential board members than the voting public. As a voter, I resent that.

I strongly question the propriety of any involvement by the union in this election since the union members are largely non-residents who work for the district. Clearly any position taken by the union is self-serving. The board of education of any district is intended to represent the taxpayer/voter in matters of education.

It is intended to provide balance to a system that is otherwise dominated by "educators" and to provide a voice to the resident who is "paying the bills" through their tax dollars. Apparently the union is attempting to undermine this balance by supporting candidates who they feel are sympathetic to their personal interests.

### Letter writing low class

Editor:

I have been very surprised and shocked at the letters I have been reading concerning the Woodland District 50 School Board race.

As a long time Woodland resident, I have had children attending the schools for the past ten years. I resent and am insulted by the low class, untruthful campaign some of the candidates have chosen to wage. Do they really think we are so dumb that we will buy into all the negative banter and innuendo?

Over the past several years I have noticed a huge improvement in the

Woodland school system. As a former educator, I am thrilled with the new reading curriculum as well as the heavy emphasis on raising children's self esteem. The changes that the present school board have made have had a very positive impact on my children. I strongly support Catherine Osborne, Margaret Breitzman, Suzanne Gage and Alan Mann. They are experienced, work as a team, and make decisions with all of our children in mind.

### Question candidates

Editor:

For the last seven years, I have been privileged to serve on the Gavin School Board. I decided not to run so I could give more time and attention back to my family. Board obligations do not start and stop with one meeting a month. It takes a great deal of time and effort to become knowledgeable on school issues.

Candidates for school boards run for many different reasons. Some of them run because they have an ax to grind and some of them run because there is an illusion of power that intrigues them. The only right reason to run for the board of education is for the children. Board members at Gavin School are elected by the community to serve the best interest of the more than 1,000 children that attend our schools. The only thing everlasting in this world is what we pass on to our children, their priorities must always come first.

There are seven candidates running for four positions at Gavin School. Voters have a responsibility to find out why each candidate is running. I would encourage all of you to seek out these people and ask them how they feel about real issues that face our schools today.

Ask them about tax caps, decreased state funding, state mandates, local property taxes, state and federal grants and budgets. Ask them about Gavin's enrollment crisis, aged buildings, remodeling verses new construction, bonds and referendums. Be sure to ask these candidates about IGAP, school improvement plans, TIMS, Whole Language, R.E.I., computer education, Outcome Based Education, school report cards, articulation with neighboring schools and Reading Recovery. Ask about Administrative and Board of Education goals past and present, labor relations, staff development and school board policy. And be sure to ask about a leaky roof and desks that were acquired by Gavin before 1989.

## Commentary

good neighbors," and "would not seek litigation" if the village decided against their plan. The Mettawa board never even had a chance to take an official vote on the Grainger proposal. The proposal was being considered by the plan commission when Grainger purchased the 22 acres which joined their parcel on the edge of the village to the one in the middle. At that point, they could legally file suit to disconnect all their property from the village and they immediately did so.

It is unfortunate that so much time and money are being needlessly spent, to prevent this development from being forced upon us, Mettawa, Lake Forest and Lincolnshire, when other communities in Lake County are actively seeking and would welcome a project of this magnitude.

The Grainger team's efforts to try to disconnect 20 percent of Mettawa, 530 acres, from an already small village, to induce the Forest Preserve Finance Committee not to vote on Mettawa's petition to annex Forest Preserve land, to try to use the Dist. 103 School Board in order to derail the LML (Lake Forest-Mettawa-Lincolnshire) Land Use Plan, and to engage in a host of other guerrilla warfare tactics is not consistent with the principles, the fine reputation and the integrity that the Grainger Company espouses. These tactics have propagated much ill will in the area communities.

## Integrated Living Arrangement teaches life skills

Just a generation ago, most people with physical and emotional disabilities knew little more than the dimmer side of life. Even among the more open-minded, more generous of us, they were pitiable unfortunates. And

by BRYAN MASSEY  
Lakeland Newspapers

we, as a society, kept them occupied, medicated and out of sight.

Even today, for many of them, days can be spartan and fettered. And there is still, occasionally, the insensitive affront.

Lisa Cummings of the Lake County Society for Human Development (LCSHD) remembers one such incident. A small businessman, both discomfited and rude, showed himself unwilling to serve Cummings and a group with her of men and women from the society. So she took her group, and their shopping dollars, she added, someplace else, self-respect altogether intact.

"And why not?" asked Cummings, manager for LCSHD's Community Integrated Living Arrangement (CILA) program. "They're people with needs and money, and feelings," she emphasized, "like everyone else."

No more riding in the back of the bus.

Arlene Demb, LCSHD's director of development, said even the preferred expression to identify the disabled, the "physically and emotionally challenged," intentionally leads one away from the once prevalent perception of them as hapless dependents. To say, instead, that they are challenged, not disabled nor handicapped, said Demb, puts the emphasis "on the positive, where it should be."

The society, established in 1953, offers job and independent living skills training to about 300 physically and emotionally challenged men and women in Lake County. Largely dependent upon state aid, grants, corporate gifts, and the United Way, the society (Continued on page 13)

## Crane to discuss health care reform

U.S. Congressman Phillip Crane will appear at the EHS Good Shepherd Hospital Nov. 6 in a town meeting on health care reform.

The event, sponsored by EHS Good Shepherd's Legislative Resource Council, will be held from 10:30 a.m. to noon Saturday, Nov. 6, in the Prairie-Lakeview-Meadow rooms of the hospital.

The congressman will discuss the health care reform plan and listen to input from the public and members of the medical profession. This is the second time this year Congressman Crane has provided insights on this topic in a town meeting forum at EHS Good Shepherd Hospital.

For more information about the town meeting, call EHS Good Shepherd's public relations department at 381-0123, ext. 5060.

## Learn how to improve self-esteem

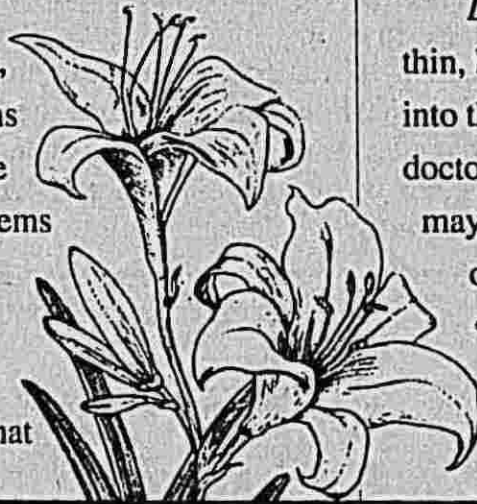

"How we feel about ourselves is directly related to how we think," explains John Jochem, Psy. D., program director of the adult psychiatry service at Saint Therese Medical Center. "Individuals with low self-esteem do not recognize their achievements or take pride in their accomplishments," he adds.

"Therefore, it is very important for these individuals to learn how to push negative thoughts out of their heads and concentrate on positive thoughts."

A free community lecture on "Practical Strategies to Improve Your Self-Esteem" will be presented by Dr. Jochem from 7 to 8 p.m., Oct. 27 at Saint Therese Medical Center, 2615 Washington St., Waukegan.

This lecture is part of the 1993-94 Life Skills Lecture Series sponsored by Saint Therese. For more information, call 244-5900.

## Partners of Survivors group to start at Forest Hospital

Partners of incest survivors need help too. Many treatment programs and support groups exist to help the adult survivor of sexual abuse or incest. Sometimes overlooked, however, is the partner of the survivor, and the impact the past experience has on the present-day relationship.

A new group designed expressly for partners of sexual abuse survivors will begin meeting weekly, on Nov. 1 at 7 p.m. at Forest Hospital, 555 Wilson Ln., Des Plaines.

Led by psychotherapist Sharon Nighorn, M.S., R.N., the eight-week, information and discussion group is believed to be the first of its kind in the area. The focus will be on day-to-day issues and their impact on the

survivor, the partner and the relationship.

Topics to be covered include: "Setting the Stage: an overview including definition of terms, effects of abuse and the healing process;" "Post Traumatic Stress: how the past affects the present for both partner and survivor; family dynamics;" "Boundaries; Needs of Partners; Sex, and Communication and Negotiation."

"Partners of Survivors tend to keep their needs and feelings, including anger or rage, under wraps," said Nighorn. "They often feel sexually or emotionally rejected; they don't know when it's okay to initiate contact. They need their own forum to

explore their feelings and time to talk about what's going on in their own lives."

Nighorn holds a Clinical Specialist certification from the American Nurses Association and also is a Certified Reciprocal Alcohol and Drug Counselor.

Fee for the Partner of Survivors group is \$30 per session. To register, or for further information, call the Forest Hospital Outpatient Department, 635-4100, ext. 224.

## CILA

(Continued from Page 12)

ety's 120 staff members and volunteers conduct classes, workshops, and counseling programs that help their "clients" get and keep jobs in the community, place and sustain some of them through the CILA program in supervised homes of their own, and teach such skills as money management, cooking, housekeeping and personal hygiene.

Much of the society's efforts, as well as a sizable portion of its income, hinge upon the work of 280 clients engaged five days a week in a plethora of repetitive, labor-intensive production tasks for 25 Lake County businesses. On 72,000 square feet of floor space within the society's main office at 3441 Sheridan Rd. in Zion, they package, assemble, sort, staple, and inspect products of all kinds. Companies pay LCSHD, about 20 percent of its annual income, and the society, in turn, pays its clients a nominal "piece-work" salary. Besides its value as a source of income, the production environment offers clients a chance to exercise occupational and social skills, explained Demb, and counselors and trainers opportunities to train, evaluate and motivate in a realistic, yet supervised, setting.

However well-intentioned and ambitious the aspirations of society employees, parents and civic supporters, few carry idle dreams. If the physical and emotional burdens of its clients weren't challenge enough, fiscal constraints would shadow everyone's hopes. Private and public generosity, car wash fund-raisers, and our Society Resale Shop sales, the director said, only go so far to fill the gap between good ideas and what's practical: job counselors for each of seven planned employment sites instead of only three, newer training aids rather than merely adequate ones, a lunch room with hot meals instead of a snack bar

with chips and soda.

A day's work often requires as much ingenuity and improvisation as administrative dexterity, commitment and spirit.

Yet, she said, the rewards come. Staffers find patrons able and willing to "adopt" clients during Christmas, for example, and volunteers donate time and ideas when most needed. And most important, once hesitant, capable but frustrated people find through simple tasks, patiently and simply taught, an identity of their own. By degrees more and more independent, spiritually if not physically, they develop confidence and purpose, said Demb. They step off the corner, onto the main street of life.

"It's where they belong."

The Lake County Society for Human Development is looking for people to sponsor clients during the Christmas season. For more information on this and other society programs, call 872-7200.

Larry Lindeman, sacker at a local grocery store is one of many clients finding work at the Vocational Development Program.

## Practical Strategies to Improve Your Self-Esteem

Wednesday, October 27, 1993 7-8 p.m.  
Saint Therese Medical Center

Presented by John D. Jochem, Psy.D.

*How do you feel about yourself?*

Many of us struggle with an unrealistic, even negative view of ourselves. We find it easier to identify our faults than to feel proud of our accomplishments. This type of thinking may lead to depression, anxiety, unsatisfying relationships, and a consistent, overriding feeling of dissatisfaction.

Join us October 27 when we will review the common causes of poor self-esteem and perhaps more importantly, we will provide practical suggestions to help silence your internal "critic" and positively influence your psychological well being.

This Life Skills lecture is free and will be presented by John Jochem, Psy.D., Program Director of Adult Psychiatry at Saint Therese Medical Center. He is also affiliated with Lake-Cook Psychologists and practices in Libertyville and Waukegan.

## LIPSERVICE

IT'S THE TALK OF THE TOWN

Lakeland  
Newspapers

(Continued from page 4)

### Short ride

In Grayslake we build a super-duper entertainment center. Like a huge machine, we pop a body in and he comes out happy. Except, our poor taxpayers who can't afford this pie-in-sky fun. Don't let your taxes pay for someone else's joy ride.

### Sad choices

Every time I see a comment from an anti-abortion person, I feel sick. I had a friend that was very much against abortion until she became pregnant with a chromosomally diseased child. In this child's short life, hundreds of thousands of dollars would have been needed to pay for health care, which would have ruined this family. This couple was dead set against abortion until then. This is freedom of choice.

### Speaking generally

In response to the person who called about holding a sign on Route 12. You must not watch the news. I believe it was anti-abortionists who recently shot doctors, fire bombed clinics, and blocked doors to legal clinics. So, you ask what type of people are pro-choice? How about law-abiding people!

### Mad at someone

I am from Antioch. I just want to say to all of the people who call in and complain about speeders and people resistant to changes in the community, stay out of my life. I have lived here for 30 years. We like our life the way it is. We don't need higher taxes because you are overdeveloping the area. If you don't like it stay out or shut up.

### Wants a theater

Isn't it kind of funny how Round Lake cannot support a movie theater and yet people attack Kristoffs. It actually gives the kids in town something to do. The movie theater really bothers me. They should get it in there and charge a couple bucks for a movie. T. Bear, if they ever open that theater, meet me there. I still feel the same.

### Nearly perfect

I am calling to praise St. Joseph's School in Round Lake. We don't worry about our teachers or their salaries. We

know our children are getting high academics, morals, and values. Our staff, parents, and principal are very involved and supportive. Our students excel. We aren't perfect, but we are close.

### Buckle up

"Wants seatbelts" has a good point. Twenty years ago a school bus I was in hit an ornamental boulder in a school yard. The impact caused me to go forward and I hit the high-backed seat in front of me. My only injuries were a busted nose, two split lips, and two cracked front teeth. Now, I look at this way. The camera would have shown all the blood and mess. If seat belts had been available, we could have avoided the whole mess.

### Where's the super?

I read your article about the allegations that children are being mistreated in Gavin School. What distresses me even more is the person responding to the allegations, the assistant superintendent. Why isn't the superintendent responding? He is hired by the school board to respond to the public. He has a history of hiding out when there is controversy. Our community is paying him big bucks. What a rip off.

### Anti-cartor

I am calling about the Kristoff's situation about keeping the go-carts. This has gotten totally out of hand. Kristoff's is not zoned for go-carts and this should be put to an end. No more special permits and this should be put to rest. It is nothing but a money grubbing place that takes money from kids. They get nothing back in return. This go-cart issue should be dead.

### Just a tool

I want to respond to "Forced fund raising." The fund raisers provided to the children from District 114 is a tool that we use to help provide books and other services we cannot afford. It is a tool that we use. However, for this particular fund raiser the child has the option to pay their own way into the Valentines Day Dance. The dance is not a school function. It is just for the people selling the items.

### Hanging upside down

I can assure you that the high back seats on a school bus will protect you. Seat belts most certainly won't, especially if the bus turns over. Picture 60 kids dangling from their seat belts. Get it straight. Kids are safer on a school bus than in their own family cars.

### Elvis seen again

I am from Antioch too and I saw Elvis at the Video Explosion. He bought a previously viewed tape of the "Crying Game." Coincidence? I think not.

### Quit building

I am calling about the referendum in District 118. Someone wanted to hear some suggestions. Consider limiting the development of the area. Then we would not have to be raising our taxes. When there is more building, you need more roads, services, and school space. Stop the madness and realize what Lake County has to offer. Beauty and nature.

### Imagine that

Imagine my surprise when I opened the paper and noticed that the comments I had called in were not printed. Did I hit a nerve with someone?

*Editorial note: Dear reader, your note did appear last week, however it was edited for length. Calls to Lipservice need to be relatively short because of space issues. Consider a letter to the editor for longer messages. Thank you.*

### Sign of the times

This is in response to "Not much." I think that person should go back to Route 12 and hold a pro-choice sign. I am willing to bet at least 50 percent of the drivers will also give you the finger. What does that tell you about those people?

### Knows Elvis

I saw the Elvis guy too in Antioch. I know this guy, he used to work at one of the funeral homes here in town. He now works in an insurance company.

## Abbott reports third quarter increase in sales, earnings

Abbott Laboratories reported an increase in sales and earnings for both the third quarter and nine months ended on Sept. 30.

Worldwide sales for the third quarter were \$2.061 billion, up 4.7 percent from \$1.968 billion in the third quarter of 1992. Earnings per share for the quarter increased 15.2 percent to 38 cents. Net earnings were up 13.4 percent to \$316 million.

"The strong performance for the quarter reflects both Abbott's geographically diverse base of operations and the balanced growth realized by each of its major businesses: hospital products, diagnostics, nutritional products and pharmaceuticals," said Duane L. Burnham, chairman and chief executive officer. "We will continue to pursue growth through a portfolio of products that provide cost-effective solutions for the delivery of health care worldwide."

Worldwide sales of pharmaceutical and nutritional products were \$1.059 billion

in the third quarter, a 6.8 percent increase from \$991 million in the third quarter of 1992. Hospital and laboratory product sales totaled \$1.002 billion in the third quarter, a 2.5 percent increase from \$977 million a year ago.

Sales in domestic markets were \$1.292 billion, an increase of 7.2 percent from the third quarter of 1992. International sales were \$769 million, up 0.6 percent from last year, and were unfavorably impacted 8.5 percent due to the effect of the relatively stronger U.S. dollar. Research and development expenses in the third quarter increased 17.4 percent from a year ago to \$225 million. Research and development expenditures continue to be concentrated on diagnostic and pharmaceutical products.

In the first nine months of 1993, total worldwide sales were \$6.180 billion, up 7.4 percent from a year ago. Earnings per share for the first nine months increased 15.2 percent to \$1.21 from \$1.05 one year ago. Net earnings were \$1.008 bil-

lion, up 13.2 percent from \$890 million for the first nine months of 1992.

Worldwide sales of pharmaceutical and nutritional products were \$3.211 billion in the first nine months, an 8.5 percent increase from \$2.960 billion a year earlier. Worldwide sales of hospital and laboratory products totaled \$2.969 billion in the first nine months, a 6.2 percent increase from \$2.795 billion one year ago.

Sales in domestic markets were

\$3.864 billion, an increase of 8.5 percent compared to 1992. Sales in international markets, including direct exports from the United States, were \$2.316 billion, up 5.6 percent from the first nine months of 1992. International sales were unfavorably impacted 5.9 percent due to the effect of the relatively stronger U.S. dollar. Research and development expenses were \$640 million, up 16.3 percent for the first nine months.

## County backing study for minor league team

by BILL SCHROEDER  
Lakeland Newspapers

**Wanted: Stadium to house professional baseball team in Lake County.**

County Board Chairman Robert "Bob" Depke has all but ruled out use of public funds for construction of a stadium for a minor league baseball team.

"We can arrange a tax break. There's precedent for that. But we're not going to build a stadium," Depke said of the surge of speculation surrounding interest expressed by two investor groups for relocating a Class A Midwest League franchise to Lake County.

There are two Midwest franchises on the block, one at Springfield, Ill., a St. Louis Cardinal affiliate, and the other in Iowa, the Waterloo Diamonds, affiliated with the San Diego Padres.

Depke described the interest in Lake County professional baseball as "lots of players. We've got to sort them all out."

The County Board chairman said professional baseball makes sense under the framework of economic development—creating more jobs.

Linda Jorn, principal planner of the Lake County Economic Development Commission, said a sub-committee is being formed to evaluate all the interest in

minor league baseball.

Jorn held out the possibility that a separate stadium investment group might surface. The EDC job then would be getting the builders and owners together.

The possibility also exists of building a stadium in a municipality with tax subsidies under tax increment financing (TIF) laws, Jorn pointed out.

Lake County's booming economy and its more than 500,000 population is a magnet for minor league franchise owners. Analysts believe Lake County could easily equal or surpass attendance records set by the Kane County Cougars.

Jorn said a stadium could not be designed and built before 1995. Costs estimates for the structure range between \$6 million and \$10 million.

Gurnee, because of its location and access to I-94, has been mentioned as the most logical site for a stadium.

Out of the hands of Lake County leaders and prospective club owners is the possibility of the National Assn. of Professional Baseball Leagues Inc. extending its zone of protection. South county sites fall within the Kane County protected zone. The Cubs and White Sox theoretically could also blackball minor league baseball in Lake County.

## Abbott supports camp for burned kids

Abbott Laboratories' Fire Brigade members distributed gifts donated by Abbott to children who attended a week-long camp for children who have been seriously injured in burn accidents. Abbott also contributed more than \$3,500 to the camp, which was held at Camp Duncan near Fox Lake, to underwrite the cost of six participants. Pictured with campers are Abbott employees Paul Groh (back row, from left), Sam Rossetti, and Steve Deasey (in costume) and two volunteer counselors.

## Investment Trends

by Noah A. Seidenberg  
Investment representative

**Sears**—Sears, once the nation's number one retailer, appears to be on the way back up. Sears reported an 8.3 percent increase in same store sales for September, led by the apparel section with a 10.3 percent increase. Edward Brennan, Sears chairman, said, "I think we're going to outperform the industry."

Recently, Sears has been selling off some of its units to concentrate on its core business, retailing. On Oct. 5, they sold the Caldwell Banker real estate division to the Fremont Group with the terms undisclosed. On June 30, they spun off the remaining 80 percent of Discover and Dean Witter. In addition, the June 3 sale of 20 percent of Allstate brought in a sizeable amount of capital.

The April 1993 dividend was cut to 40 cents a quarter to reflect the Discover and Dean Witter spin-off. This combined with increased earnings and the Allstate sale provided a doubling of the first half of 1993's EPS.

With a loss of \$5.65 a share for 1992, versus an estimated EPS of \$5.55 for 1993 and estimated EPS of \$4.80 for 1994, Sears appears to be heading in the right direction.

With a 2.7 percent dividend, this stock is recommended as a buy by Standard and Poor's.

**UAL Corp**—Another stock that appears to be turning the corner is UAL Corp., the holding company for United Air Lines. After recording losses the last two years of over \$14 a share, UAL is expected to post a loss of \$1 a share for 1993, and earnings of \$9 per share for 1994.

UAL's revenues are up 13 percent for the first half of 1993, but with increased

costs, earnings are still fairly flat. The company is making a major cost-cutting effort now and is expected to exceed their targets for the year 1993.

In recent news, the company is said to be matching American Airlines recent fair cuts to Europe. In addition to the cuts, UAL is adding Amsterdam and Athens to the list of cities.

Although the initiation of a dividend is not expected in the near term, UAL is given an accumulate rating by Standard and Poor's based on the long-term outlook for the stock.

## Plumbing interns interviewed

Representative from the Plumbing, Heating and Cooling Contractors Association of Lake and McHenry Counties working in close cooperation with Union Journeymen from UA Plumbers Union Local 93 in Waukegan interviewed some 104 applicants seeking admission to the Plumbers Apprentice School at the Union Headquarters.

The applicants had been previously screened by a Standard Aptitude Test designed to determine reading and comprehension skills before the interview process.

Out of the 104 applicants, some 24

will be selected and admitted to the School located in Waukegan following employment by Union Plumbing Contractors in the Lake and McHenry Counties jurisdiction.

Joint Apprenticeship Committee Chairman Ron Peterson, Plumbers Union Secretary/Treasurer Richard Flament and Apprentice Coordinator Jack Keefe stated that training undergone by these Apprentices results in having a Union Plumber workforce of skilled journeymen dedicated to protecting the health and welfare of the public.

# Consumer fraud: A costly problem to buyers

Each year, Americans spend billions of dollars for goods and services they never receive or ones that are of poor quality. Many of those dollars are misspent simply because consumers made a poor decision; they didn't ask, didn't read or didn't listen when truthful information was available. But consumers also lose billions of dollars each year because of fraud.

Fraud costs consumers money. Legally, fraud is the intentional misrepresentation of an important fact made to influence the buyer. It can be difficult to prove fraud because one must show that the misrepresentation was intentional, not just accidental or something the seller didn't know or forgot to mention. Fraud cannot exist unless consumers cooperate.

According to Barbara Dahl, a consumer and family economics educator with the University of Illinois Cooperative Extension Service, there are general warning signs of fraud. One or more of these warning signs is usually present in any fraudulent situation.

"One warning sign is an offer of something for nothing or free merchandise," said Dahl. "While merchants do occasionally give away free merchandise during special promotions such as grand openings, you should be suspicious of promises of free prizes or awards. Often there are strings attached and the fees and other costs may be far more than the value of your free merchandise."

"A second warning sign is pressure to act now," Dahl continued. "While there are sometimes situations in which the time for decision making is short for a valid reason, usually any legitimate offer that is good today should be good tomorrow as well. Pressure to make a decision today may mean the seller is afraid you'll reconsider if you have time to think through the offer."

An offer of a kickback, such as a lower price or reduced fee for referring potential clients, is another warning sign. This technique, known as referral sales, is illegal in Illinois and many states. If a seller can reduce the price drastically for your referrals, it is likely that the merchandise is overpriced to begin with.

A seller who runs down his/her own merchandise or another seller's merchandise is also giving out a warning sign. This technique is usually used to set you up to consider a more expensive good or service.

"Watch out for contracts with vague or tricky wording," warned Dahl. "Don't sign any contract you don't

understand or one with blanks that are not filled in. Take the time to have someone you trust explain any legal document to you

before signing."

"The sixth warning sign is related," continued Dahl. "Be suspicious when the seller's spoken promises are

different from the contract. Any conditions that are important to you should be in writing."

The seventh and final

warning sign is exaggerated claims or lavish promises.

"Remember the old saying, if it sounds too good to be true, it probably is," cau-

tioned Dahl. "If the seller makes claims about the product or service that just don't seem likely, check it out before buying."

# Station customers help rape victim survive

by STEVE PETERSON  
Lakeland Newspapers

Those who stopped at a Grayslake car wash and gas station are being credited with helping save the life of a Wildwood woman who was raped and locked in her car trunk.

A 26-year-old former Arbor Vista resident, Donald Sams, was charged Sunday from the Friday night incident at Shell gas station, Rtes. 45 and 120 in Grayslake.

Sams, an employee of the station, allegedly turned off the car wash once the victim was inside, jumped into her car and beat and raped her. After he put her in the trunk, he returned to work apparently believing she was dead.

"She was able to kick her way out of the trunk. Some patrons of the gas station helped her," Steve McCollum, Lake County deputy States Attorney said.

Sams is being held at Lake County Jail on \$250,000 bond. He is charged with

three counts of criminal sexual assault, one count of armed violence, three counts of aggravated sexual assault and three counts of aggravated kidnapping. With the possibility of an extended term for the Class X charges, Sams could face 120 years in prison.

Grayslake and Lake County Sheriff's Deputies found Sams living at the El Rancho Motel north of Gurnee, Grayslake police chief Ed Wunderle said.

"That was the result of work of two de-

tectives from the Sheriff's Dept. and one from Grayslake," Wunderle said.

"It was a matter of brute strength," Wunderle said of the attack.

This is the second attack at a car wash this year. A Gurnee car wash was the scene of an earlier attack.

"That had nothing to do with it whatsoever. He just decided to do it when he did," Wunderle said of Sams.

The preliminary hearing on the case is set for Oct. 25.

## Police forces unite to catch alleged robbers

by TINA L. SWIECH  
Lakeland Newspapers

Area police departments joined forces to catch the alleged robbers of a Fox Lake gas station.

On Oct. 17 at around 7:40 p.m. Fox Lake police received emergency notice by way of 911, from someone at the Clark gas station at 59 E. Grand Ave. Then the woman called the regular police department phone number, and "before she could dial the correct number, we had two guys on the scene," said Fox Lake Police Chief Jim Busch.

When police arrived, a female employee of the store, told police that she had just been robbed.

Two apparently gang-related men stole \$400 from the station's register, and she told police that the vehicle they were driving was recklessly, heading northeast.

Immediately Fox Lake police contacted the Lake Villa and Lindenhurst police who met the twosome between Rte. 132 (Grand Ave.) and Munn Rd.

According to Lindenhurst Police Chief Jack McKeever, while police were on the assailant's trail, they observed the men throwing the cash out the window of the car. All of the money was recovered, said police.

"It was really strange," said McKeever. Apparently police officers made "repeated commands" for the driver of the car, Michael Delagarza, 29, of Prospect Heights, to get out of the vehicle, but he refused.

Ultimately, the force had no other choice but to spray O.C. or pepper gas on him, said Chief McKeever.

O.C. is a non-lethal weapon, and is used in cases where police don't want to use excessive force, explained the chief.

Arrested was Delagarza, and also James Vezensky, 23, of Wheeling. Delagarza, according to police, is a known Latin King gang member, and Vezensky is a suspect as a gang-banger.

Both men were charged with robbery and burglary, and Delagarza's bond is set at \$75,000 and Vezensky's bond is at \$50,000.

Police Chief Jim Busch told the village board Monday that just as it happened with a hostage case last week, police caught two robbers on a sleepy night in Fox Lake, and "within 12-minutes got them in custody."

Chief Busch wanted to give special thanks to his officers involved in the arrest, including Kenneth Welsch, Michael Behan, Bill Bostic, and Thomas Olson.

## Referendum would enable purchase of quality land

by CLAUDIA M. LENART  
Lakeland Newspapers

The beauty of Lake County's open spaces, whatever the season, has helped to uplift many commuters traveling area roads. One of the outcomes of passage of the Forest Preserve referendum would be to preserve those open spaces and maintain a balance as the county grows.

"People really love Lake County. Even people who have just lived here a

*'If we're not successful, our land acquisition efforts will stop.'*

— Steve Messerli, forest preserves exec. director

few years," said Joyce O'Keefe, co-chair of the referendum campaign. "As the population grows we have to be sure we don't grow out of space. We have to keep that balance."

If voters approve the \$30 million bond referendum, \$20 million would go towards land acquisition with the remaining \$10 million going towards improvements and restoration of public use facilities and natural areas.

Steve Messerli, executive director of the forest preserve, said the district could buy about 1,200 acres with the \$20 million. The Lake County preserves are currently 18,000 acres. DuPage County, often considered to be lacking in open space, has 22,000 acres of forest preserve land.

The forest preserve has in place a

"wish list" of desirable property, but even \$20 million won't be able to buy it all. "There is so much special land left. We would never have enough money to buy all the special types of property that exist," said Colin McRae, forest preserve president.

There is \$60 million worth of land in Lake County that the forest preserve considers ecologically significant. Preserve staff has already narrowed down that pool of property. If the referendum passes, the forest preserve would begin negotiations to buy land immediately. And, according to McRae, willing sellers are lining up to sell the land. Which land is bought will depend upon variables including the price and the quality of the land.

Messerli said the forest preserve is particularly interested in land that adjoins current preserves and land that will link regional trailways.

If the referendum didn't pass, the forest preserve would be in dire straits. "If we're not successful, our land acquisition efforts will stop. Even if a really prime piece of land became available, we couldn't buy it," said Messerli.

## Bird's life threatened in domestic dispute

by MARY FOLEY  
Lakeland Newspapers

Antioch police responded to an unknown 911 caller who appeared to be a victim of a violent fight. As a result of that call, Marvin Knuth, age 23, of Antioch, was arrested on two counts of domestic battery.

According to the police report, officers arrived at the scene and were met by a distraught woman who appeared to have red marks on her throat. The woman told police that she and Knuth had arguing about another relationship.

Knuth allegedly became angry and

demanding the women divulge the name of the person who gave her the information. Knuth reportedly placed a sofa in front of the door in an effort to restrain the woman.

The victim was able to escape. However, Knuth allegedly caught up with her in the parking lot and dragged her back into the home. According to the report, Knuth then picked up a steak knife and threatened to cut up the woman's pet bird.

Knuth was arrested on two counts of domestic battery. He was subsequently released on bond.

Round Lake Beach Police with the cooperation of 15 police from neighboring departments were able to track down and catch an armed robbery suspect who had held up Nicko's gas station.

The robbery occurred at 5 p.m. on Tuesday, Oct. 19. The suspect, Steven V. Degroot, 31, 2360 Sunrise, Round Lake Beach, allegedly came into Nicko's on the corner of Rollins Road and Lotus Drive with a knife and demanded money. The clerk gave him \$169 in cash and the suspect fled on foot, according to Sgt. John Laycock of Round Lake Beach Police.

"The offender fled on foot in the residential area," Laycock said. "Police from all local agencies responded. Round Lake, Round Lake Park, Hainesville, Round Lake Heights, Lake County Sheriffs and Round Lake Beach established a perimeter

around the neighborhood."

The search continued for about an hour as police surrounded a four to five block area looking for the suspect, according to Laycock.

"Officer Brian Peters of Round Lake Beach Tactical Gang Unit, saw the alleged offender near Deerpath and Lagoon hiding underneath some shrubs covered with leaves," Laycock said.

The suspect was taken into custody. He had changed clothing to disguise himself.

The clerk at the station immediately after the robbery called police and the search commenced.

Laycock said the cooperation of the departments was key to catching the suspect. "We needed the help for a search of that magnitude."

Peters was transported to Lake County Jail. He was charged with armed robbery and burglary.

## Candles lighting the way for domestic violence awareness

by MARK HAHN  
Lakeland Newspapers  
"Today's domestic battery is tomorrow's potential homicide."

These are the words many area residents will remember hearing from the candle lighting ceremony held outside the Lake County Courthouse to kick-off National Domestic Violence Awareness Month. The gathering was set up by A Safe Place: Lake County Crisis Center in Waukegan, to remember and recognize victims of domestic violence.

"As I was watching the news, I saw a woman carried out of a burning home, and she was obviously in great pain," said Michael Siri, president of the board of directors for A Safe Place. "She had burns over much of her body, but her greatest pain was finding out that her family members had not survived. All of this was started with a small flame—a candle, lit as part of the families' ritual prayer."

"A candle is not associated with tragedy, but rather with hope or warmth. So it is with a hand, that is most often used as a tool of love. However, it can be associated with tragedy when it is used to strike someone, or restrain them, or point a gun at them and pull a trigger."

"The tragedy is the disease itself—knowing that even as we stand here, more and more women and children are being physically

and mentally abused. The love is the presence of each of us, gathered to spread the word that this dreaded disease called domestic violence is not acceptable and must be stopped."

According to Roland Burris, Attorney General of Illinois, who was on hand to speak at the candle lighting ceremony, the most common cause of women's injuries in America is domestic violence. "Domestic violence comes across all social economic lines. It occurs in rich and poor homes, among the highest and lowest educated, and happens to black, white, red, yellow and brown families."

Burris said that across America, two million women are beaten every year, 175,000 women are beaten every month, 50,000 women are beaten every week, nearly 6,000 women are beaten every day, 250 women are beaten every hour, four women are beaten every minute, and one woman is beaten every 15 seconds.

"This does not include those women who fear for their lives and never report their injuries to authorities," said Burris. "This means that the true level of domestic violence is actually unknown. According to conservative estimates, last year there were 35,000 women and children who were victims of domestic violence in Illinois."

Burris said that even in communities in Lake

County, the level of domestic violence is escalating. "According to statistics compiled in Lake County over the past two years, at least eight women died as a result of domestic violence, and domestic violence has now been identified as a major public health problem, similar to cancer and heart disease, both in terms of fatality and medical cost."

"Just last year as a part of my commitment, we launched a highly successful legislative initiative consisting of eight new points designed to strengthen the Illinois Domestic Act, and send a message that domestic violence in this state is a serious problem. These reforms have given us the legal ability to protect the women of Illinois, but we must not rest until these goals are properly and uniformly implemented throughout our state."

## Lake County residents may soon breathe easier

by SUZIE REED  
Lakeland Newspapers

Last spring Andrea Moore and several other legislators introduced Bill 240 into the legislature to ban leaf and grass burning in heavily populated areas. On Oct. 13 that bill went to the desk of Gov. Jim Edgar.

"I don't think I've ever received so many letters from people," said State Representative Andrea Moore. "They're really enthused and appreciate the support."

The restriction can't come too soon for those who suffer from respiratory problems aggravated by air pollution.

The ban covers counties with populations of over 100,000. As with any law there are exemptions: agriculture, conservation areas, nurseries and municipalities with a population under 1,000.

The last exception "was not my first choice," said Moore, "but a necessary measure in order to get it passed."

"Most of the smaller communities do recognize the problem and are pretty environmentally conscious."

The proposal took so long because a provision for the nurseries needed to be signed into law.

"Once that was signed we could pass this one," said Moore.

## TMA sponsoring symposium on Illinois Commute Options

The Transportation Management Association of Lake County and the Northwest Municipal Conference are sponsoring a symposium on the Illinois Commute Options Act of 1993.

As a result of the clean air act amendments of 1991, Illinois passed this law to help reduce pollution. Companies in the Chicagoland area with 100 or more employees will be required to reduce the number of their employees traveling to

work by automobile by 25 percent.

The symposium will offer resources and solutions to allow companies to comply with this ruling.

Some employers have already modeled trip reduction programs. They will share their ideas with other firms still facing the problem.

The symposium will begin at 8:30 a.m. Oct. 27 at Kemper Lakes Golf Club in Long Grove.

## Independent Living Center plans fundraiser at the Country Squire

The Lake County Center for Independent Living will hold their first annual benefit dinner and silent auction from 5 to 10 p.m. Oct. 24 at the Country Squire Restaurant in Grayslake.

The Center, located at 706 E. Hawley in Mundelein, hopes to raise money to expand their services to help more people. They provide assistance to disabled persons throughout the area while allowing them to care for themselves as much as possible.

Items in the silent auction include a number of getaway weekends at area hotels, gift certificates, autographed sports souvenirs,

green fees at an area country club and a trip in a hot air balloon.

Raffle attractions also run the gamut of hotel and restaurant gift certificates, a limo ride and a \$50 savings bond.

The dinner menu will feature cream of chicken

with rice soup, a choice of broiled filet mignon or chicken Oscar, fresh spinach salad, baked potato, green beans almondine and cheese cake with strawberry topping.

Tickets for the dinner are \$40. For more information call 949-4440.

## Halloween party set

Antioch Chapter 387 of the American Assn. of Retired Persons will celebrate Halloween at the Antioch Senior Center on Oct. 26. Prizes will be awarded for best and funniest costumes. A luncheon,

catered by the Antioch Senior Center, will be served. Eleanor Clark, program director, has scheduled a representative from the Antioch Fire Dept. to speak on fire hazards and safety.

## Little Saints sets open house

An open house for families interested in learning more about the "Little Saints Day Care and Preschool" program offered on the campus of Carmel High School will be held on Oct. 24 from 3 to 5 p.m.

The center opened on Sept. 7 and has space for 20 three- and four- year-olds. Currently, there is an average of 10 students enrolled each day.

The "Little Saints Day Care and Preschool" is open from 7 a.m. until 6 p.m. Mondays through Fridays. Each day contains two sessions of preschool. The program stresses the experimental - "learning through experience" - with a variety of activities each day.

The director of the program is Patti

Dowling of Vernon Hills. She is a former director of the day care program, "Happy Happenings" operated by the Vernon Hills Park District. She is also director of programs, writing and creating programs, for the "After School Club."

The program's specific goals are having the child learn to interact with other children and adults in a positive way, to make friends, language development, and to develop fine and gross motor skills. Among the activities for the children are art, story telling, music, show and tell, games, field trips, discovery hours, special days, color days, arts and crafts, performances, outdoor play, cooking, gardening, science, math, and creative play.

## Wagner returns to Carmel

As part of the Homecoming festivities at Carmel High School, a "Hall of Fame" party will be held at the new athletic facility at 7:30 p.m. on Thursday, Oct. 21, for the Carmel family, alumni and friends, and is open to those 21 years and over. There will be an admission charge of \$5 which includes refreshments, games and prizes will be provided.

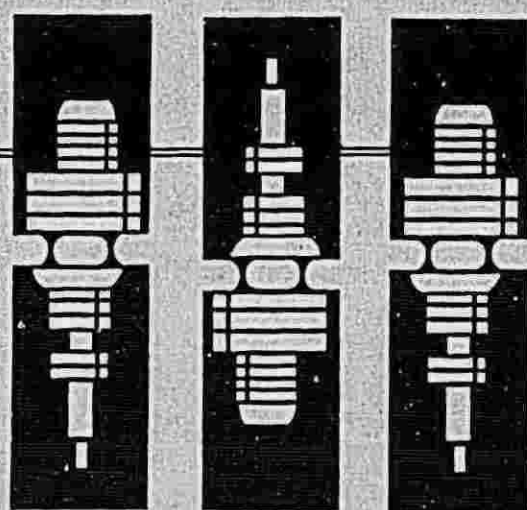

Special guest speaker will be four- time super

bowl champion Mike Wagner, a 1967 graduate of Carmel High School. Wagner played collegiate football at Western Illinois University and played NFL football for the Pittsburgh Steelers for ten years, and is a member of the Carmel Athletic Hall of Fame.

After the Hall of Fame Induction, open use of the new athletic facility will be available for volleyball and basketball, with full use of the locker room facilities.

Nominations of a former Carmel athlete are being accepted at the school until Oct. 15. Nominations including an explanation of accomplishments should be mailed to Andy Bitto at the school. Inductee selection occurs through a balloting process open to current coaching staff members.

The 1993 winners will join previously selected Athletic Hall of Fame inductees.

Lake County police departments join together with communities and schools to promote healthy lifestyles through programs like DARE and Red Ribbon Week.—Photos by Gene Gabry

## Red Ribbons celebrate healthy lifestyles

"Tie a red ribbon 'round the old Oak tree." Or was it a yellow ribbon? Anyway, you'll be seeing plenty of red ribbons this upcoming week in celebration of the 1993 Red Ribbon Campaign to promote healthy lifestyles.

The nationwide celebration against drug abuse of any kind is celebrating its fifth annual campaign from Oct. 23-31, and now has more than 115 million people among its ranks.

Lake County is taking part in the campaign for the fifth consecutive year, and has 90 percent of the 245 public and private schools participating, with a county-wide total of 108,232 students from Kindergarten through the 12th grade. This year's theme is: "The Choice for Me, Drug Free."

Although the bulk of the activities take place in schools, the message is geared towards everyone, said Jill Boepple, with Prevention Services/In Touch, Red Ribbon sponsors for the county.

The campaign was established by the National Family Partnership and has First Lady Hillary Rodham Clinton as the national chairperson.

While Illinois does not have a chairperson of its own, Michelle Adams, a prevention specialist with Prevention, is the coordinator for the Lake County Red Ribbon affairs.

Since its beginning, the campaign has grown immensely.

"When it started, only a couple of schools participated," Adams said. "Now, almost all of the schools and communities are involved."

"It now gets a lot of attention and is used all over the county to launch prevention efforts," she said.

Prevention Services/In Touch is a prevention program offered through a partnership of the Lake County Health Department, the Northern Illinois Council on Alcoholism and Substance Abuse and the College of Lake County.

The ribbons show a sign of support for the nation's intolerance of the illegal use of alcohol, tobacco and other drugs, and mark the death of Enrique Camarena, a federal drug enforcement administration agent, who was tortured and murdered while fighting drug trafficking in Mexico in 1985.

Boepple said the focus is not only on illegal drugs, but also abuse of prescription drugs, and aspirin and caffeine.

The schools come up with their own activities and events, some entwining the entire community, such as Wauconda Unit School District 118, which plans to wrap both Wauconda and Island Lake in red ribbons of all sorts, showing community-wide support of a drug free lifestyle.

Among the countywide events is the 5-K Red Ribbon Classic at Libertyville High School on Oct. 23, starting at 8:30 a.m., with a formal kick-off celebration at the Gurnee Mills Showcourt from 1 p.m. to 3 p.m. later in the day.

On Oct. 25, Zanies Comedy Club in Vernon Hills is hosting a Drug Free

by SPENCER SCHEIN

Comedy Night at 7 p.m. Tickets are available through Prevention Services/In Touch, 223-6363, for \$10 each, which includes one non-alcoholic beverage and one appetizer.

A Red Ribbon Rally will be held in the courtyard of the Lake County Building in Waukegan, starting at noon. Lake County State's Attorney Michael J. Waller will award school and community groups with drug forfeiture grants that have been generated from money confiscated during Lake County drug busts. The money will be used for specific prevention programs.

Also, the Enrique Camanera "One Person Can" Award will be given to an individual who personifies the belief that one person can make a difference.

Later that evening, a Project C.A.P.E. Red Ribbon Celebration Rally will be held on the Mundelein High School football field, 1350 W. Hawley St., or in the school auditorium in case of rain, from 6:45 p.m. until 8 p.m.

A COURAGE Rally and Parade will start Oct. 30 at 10 a.m., beginning at the College of Lake County and ending at the Lake County Fairgrounds, both in Grayslake, where the rally will be held.

"This will be an exciting year as many communities are gearing up for the celebration in Lake County," Adams said. With more and more residents participating each year, Adams said they have a goal "to establish Red Ribbon Celebrations in every community in Lake County."

The Omni Youth Services in Buffalo Grove will also be hosting a variety of

events, from a parenting education seminar on Oct. 25 starting at 7 p.m. in English and 8 p.m. in Spanish, a progressive folk music, free concert on Oct. 26, a free Halloween party for preschool aged children on Oct. 28 from 3 p.m. to 5 p.m., and a teen dance concluding the week. These events will be held at the Buffalo Grove Facility, 1111 W. Lake Cook Rd. Contact either Kathryn Loughran or Shari Huizar at 537-6677 for more information.

In order to become involved, Boepple suggested contacting your local school districts to find out what school and community activities are planned.

"When all of a community's members are involved in Red Ribbon," Adams said, "it sends a message to children about leading a healthy lifestyle."

"It also shows youth that their community supports their decision to be healthy and drug free."

## 'Dancing at Lughnasa' sweeping Goodman Theatre

## Critic's Choice

"Dancing at Lughnasa" is a simple but sweeping play about the loss of ritual in our lives.

Written by Brian Friel, its set in 1936 in a tiny Irish village in County Donegal at a dirt-poor farmhouse occupied by five unmarried sisters and, recently, their elder brother, a priest forced to return to his homeland after a prolonged career among the lepers in Uganda where he swapped his religion for the natives' unorthodox lifestyle.

Directed by Kyle Donnelley at Chicago's Goodman Theater, the riveting play is narrated by Denis O'Hare, who plays Michael, the now grown-up "love-child" of one of the sisters; he recalls life through eyes of a seven-year-old.

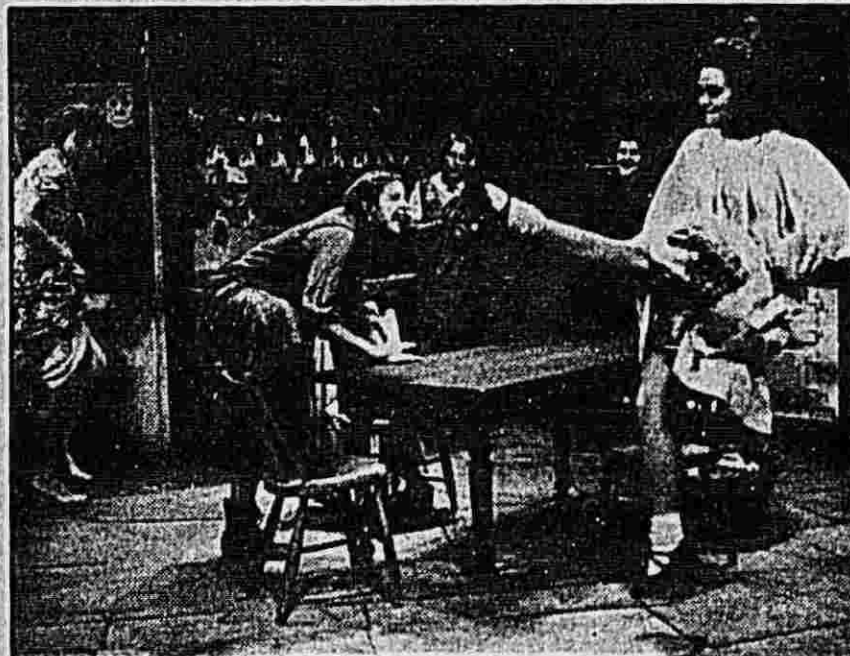

A finicky, battery-operated radio sporadically pumps out bursts of lively Irish music to which each of the women kicks up her heels with wild abandon. For them, dance is a potent release for melancholy, poverty, confusion and rejection.

Each of the sisters is well-defined: the judgmental, self-righteous Kate (Tana Hicken), the bubble-headed Rose (Kate Goehring), the wise and industrious Agnes (Pamela Nyberg), the desperate Maggie (Kate Buddeke) and the easily charmed Chris (Jenny Bacon).

Richard Bauer carves quite a character as Father Jack, whose eyes have come to a more untraditional world, and Patrick Clear is a smoothie as the slick-talking, two-timing Gerry.

Dialect consultant Gillian Lane-Plescia has coached the eight member staff well. And Linda Buchanan's elaborate set design, combining a rugged country kitchen with a hilly rural countryside, is striking in its detail.

"Dancing at Lughnasa" plays through Oct. 31.—by Tom Witom

## What Can A Travel Agent Do For You?

by JIM WARNKEN PRESIDENT,  
NORTH STAR TRAVEL, INC.

Many people have never used the services of a travel agent or even know what we do. So, here's the scoop.

You may be surprised to learn that most agencies do not charge for their services. No, we don't do this just for fun. Travel agents rely on commissions received from airlines, hotels, etc. for their income. As costs of doing business increase, this may change, but for now travel agencies are one of the few service businesses free to the public.

Travel agents can book your airline reservations. But did you know it also cost no more to get your ticket from a travel agent than from the airline? Travel agents are equipped with computers that display every flight on every airline and then search through the hundreds of different fares to find the lowest one that fits your plans. Your ticket is printed right at the agency and, in most cases, your agent can even offer advanced check-in and issue your boarding pass. You'll also be notified of any flight time changes after your ticket is issued.

If you prefer to make your reservation directly with the airline, you can still pick up your ticket at any authorized travel agency.

Most agencies are connected by computer to hotels and car companies around the world and can instantly confirm reservations at the same rates, and often less through preferred supplier agreements, than you would get calling directly.

A good travel agent will sit down and get to know you, rather than just sending you home with a brochure since it is equally as important to match a destination to your personality and interests, as it is to get you a "good deal". What may be a vacation paradise to one can be a vacation in hell to another.

Look for an agency that specializes in your preferred travel plans. If your trip is going to involve international travel, find one endorsed by the International Airlines Travel Agent Network (IATAN). If a cruise is in your future, make sure your agent is a member of Cruise Lines International Association (CLIA).

## Stage Two presents children's shows

Stage Two Theatre presents its first children's production of the 1993-94 season "OPQRS etc." by Madge Miller, Oct. 23 at 10 a.m. and 1:30 p.m.

It is a story about Otto the official an egotistical ruler who bullies the people of his village into believing that only his opinions matter. Otto is "O" crazy. He dubs the town "Ottoville," proclaims the official color to be orange and dictates that the alphabet begin with the letter "O", thus the title. Another quick of Otto's is that he labels the people of the village and insists that they behave according to those labels.

Admission is \$3. For reservations and information call 662-7088. Stage Two Theatre is located at 12 North Sheridan Road in Waukegan.

The Papai players is an adult theatre company that has been performing for children and their families in the community for over 16 years. For more information call 359-9556.—by RHONDA VINZANT

## Local banks 'Do It All'

Fox Lake State Bank and First Colonial Bank of Lake County, subsidiaries of First Colonial Bankshares Corp., will host the Second Annual "Do It All" event at the Oak Brook Marriott Hotel on Saturday and Sunday, Oct. 30 and 31. This year's extravaganza will feature performances by the legendary Ink Spots, comedy by Morey Amsterdam, and insight and advice from the renowned Dr. Joyce Brothers.

Morey Amsterdam

Dr. Joyce Brothers

Highlighting "Do It All" weekend will be a dinner/dance, with champagne reception, on Oct. 30 and a full-course luncheon, with entertainment, on Oct. 31. Cost of the dinner/dance is \$37 per person and the cost of the luncheon is \$19 per person. All other activities and entertainment during the two-day extravaganza are free of charge.

Co-sponsored by WJJD Radio (AM 1160), "Do It All" will encompass a variety of entertainment, educational and motivational seminars, demonstrations and exhibits aimed specifically at those for whom age is just a number—and who want to make it count by "doing it all!"

One of the most successful programs sponsored by First Colonial, the Doers Club, is a premier club expressly for customers who maintain a minimum balance in any

First Colonial bank account. Membership includes exclusive financial privileges, seminars and educational programs, social activities and travel opportunities.

Following the luncheon, attendees will be able to choose from over 20 free seminars on such diverse topics as personal money management, home decorating, bonsai gardening, investing, self-hypnosis for health and healing, travel photo tips and how to beat depression.

Noted speakers will include Dr. Joyce Brothers on coping with the stress of losing a loved one; Sunie Levin, author and editor of "Today's Young Grandparent" newsletter, on how to develop a meaningful relationship with grandchildren; Chicago Sun Times columnist Adrienne Drell, who will relate her mother/daughter spa ex-

perience; and author and counselor Paula Hardin, who will explore the issues everyone faces as they progress through the middle years and beyond. Plus, comedian Morey Amsterdam will provide the laughs during a routine sure to have attendees rolling in the aisles.

Throughout the day, free health screenings will be conducted. And there will be a special Exhibit Hall where attendees can stop by a wide variety of exhibit booths for expert information, give-aways and drawings for free prizes. Also, the Secretary of State's Dept. of Human Services will be issuing free photo identification cards to citizens who are 65 and over or who have disabilities.

For information on purchasing "Do It All" tickets—and to learn more about the Doers Club—call 1(800)573-3637.

## 'Mr. Jones' has lots of problems

Problems sometimes arise when sex symbols like Richard Gere, Patrick Swayze and Alec Baldwin - who all have a lot of acting ability - forget what made them the megabucks, as they launch into an acting "challenge." They sometimes choose a script that showcases their thespian qualities and, in this emoting process, cheat their audience, who basically came to be charmed by them as in the past.

Why argue with success? Gere was a smash in "Officer and a Gentleman" and "Pretty Woman," as was Swayze in "Dirty Dancing" and "Ghost," both light films.

In "Mr. Jones" Gere shows the very upsetting tribulations suffered by a victim of manic depression.

When he's in his "highs" we see the sparkling and very amusing Gere shown in the picture's trailers. But the bulk of the movie delves into the subject's dark side filled with despair, hallucinations and the horror of days and nights filled with vegetating drugged sedation.

Gere plays a likable fellow on a road of self-destruction who seeks help from Lena Olin, a psychiatrist. He pulls crazy tricks like hanging out at the edge of a roof, while still sane enough to save Olin when she is attacked by another patient.

Lena Olin and Richard Gere

The big problems come when Olin sleeps with her very attractive patient, leading up to the question, "Is it right for a psychiatrist to bow out in a situation like this even though such a desertion may destroy her patient?"

Gere gets to travel a gamut of emotions and Olin has a few good traumatic scenes as well.

If almost any other actor in Hollywood had taken on "Mr. Jones," this would have been just another boring and delecting film about depression. Gere's personality saves the picture, but only at a three out of five star rating. "Mr. Jones is rated "R."—by GLORIA DAVIS

## Country Squire sponsors 'An Evening in Acapulco'

A fund-raiser to benefit the Hogar Infantil Marsh Orphanage located in Acapulco, Mexico is being sponsored by Mr. and Mrs. Bill Govas of the Country Squire. The Govas' have been benefactors of the orphanage for many years. They are aware of the need for help to local organizations and charities, and contribute and donate to many, but they feel that since there is no welfare, unemployment or federal aid in Mexico, that these children are especially deserving of all the help they can give.

When a highly destruc-

tive hurricane swept through Acapulco this past July, they realized the need for this event. Most of the buildings housing the children, and all of the contents, were totally damaged and must be rebuilt and replaced. Their hope is to generate a new supply of funds to assist with this monumental task.

Since one of the things the Govas' do best is to provide excellent dining and affairs to remember, they are offering "An Evening in Acapulco." The evening will be a memorable one of delectable dining and spectacular

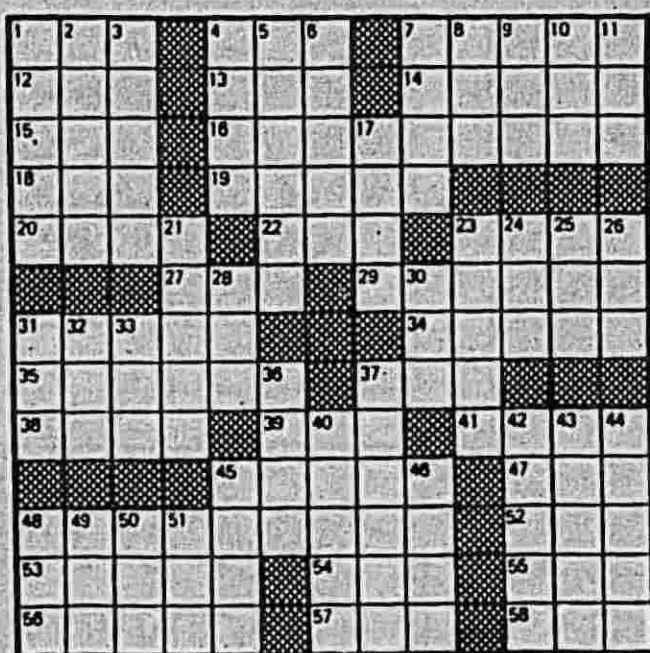

entertainment for all. The Mark Anthony Orchestra will be featured and a five piece Mariachi band for listening and dancing pleasure. The highlighted entertainment of the evening is an ensemble of 40 multi-generational traditional Mexican dancers in glorious costumes.

The benefit will be held on Friday, Oct. 29 at the Country Squire Banquet Facility, Rtes. 120 and 45, Grayslake. Cocktails will begin at 6:30 p.m. followed by dinner at 7:30 p.m. Ticket price is \$25 per person and can be obtained by calling Karen, Dennis or Jan at 223-0121.

### Horoscope

**ARIES** (March 21 to April 19) It is an excellent time for business talks and the completion of unfinished projects. Extra expenses may arise in connection with a friend. Finances may be under stress. A business hunch is on the money. The weekend is fun and romantic!

**TAURUS** (April 20 to May 20) You may fall behind on a work assignment and then have some catching up to do. It is a rewarding time for creative pursuits and activities with children and loved ones. The weekend favors shopping for the family and entertaining at home.

**GEMINI** (May 21 to June 20) You will benefit from such activities as research and editing. Revised thinking comes now concerning a job project. Strain could exist between an in-law and a family member this week. You will be receiving an invitation to a special event.

**CANCER** (June 21 to July 22) You can bring up sensitive topics with a loved one this week without fear of stirring up a hornet's nest. Listen to what your intuition tells you this week. A money deal needs further thought. Social interests are not favored this weekend.

**LEO** (July 23 to August 22) You will articulate your position with clarity. Don't expect immediate feedback, though. Give others enough time to mull over what you have said. A partner is serious-minded. The weekend accents fun and romance.

**VIRGO** (August 23 to September 22) A talk with an adviser should go well. There may be a delay in connection with a job concern. Travel plans are subject to change now. A task at work is difficult, but career gains are still likely.

**LIBRA** (September 23 to October 22) You should be wary about

making a premature financial commitment. Do further research before making up your mind. Your positive outlook on life invites opportunity this week. The weekend brings happy times in the company of friends.

**SCORPIO** (October 23 to November 21) You may volunteer for an assignment in connection with a group activity. There is more than one person upset this week regarding a partner's plans. Do your best to be supportive. Increased sensitivity is just the stimulus you need for creative work.

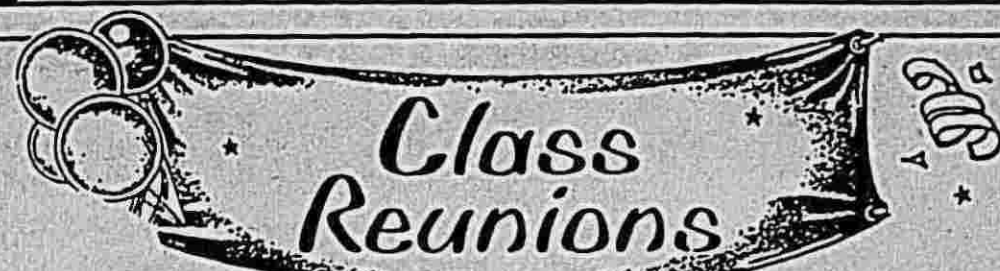

**SAGITTARIUS** (November 22 to December 21) The beginning of the week is best for business progress and career-related discussions. You may meet with delays or obstacles in your path later on. Benefits come through friendship. The weekend brings a happy emphasis on togetherness.

**CAPRICORN** (December 22 to January 19) Talks with agents and advisers about creative projects go well. You may be difficult making up your mind about social plans. Watch erraticism. A business opportunity may fall into your lap. Be on the alert for this.

**AQUARIUS** (January 20 to February 18) Dealings with bankers and real estate agents are favored now. A work project is brought to a successful conclusion. Your patience may be tested on the domestic front. The weekend is tailor-made for romance and fun pursuits.

**PISCES** (February 19 to March 20) A partner is your best confidante now. Some you deal with are evasive or make little sense. A friend's erratic behavior is somewhat trying. Money prospects pick up this week. Accent home life this weekend.

## Gilmer Roadhouse, food the whole family can agree on

A rustic family atmosphere and reasonable prices keep people coming back to downtown Gilmer and the pleasing family-oriented Gilmer Roadhouse.

Don't let the rustic look fool you. Inside are some of the finest people serving up excellent food in a casual and comfortable setting. The house specialty is baby back ribs.

"I've had people say to me they have been to places that specialize in ribs that don't compare to ours. Our special sauce is a medium sauce. It's not too sweet or too bland, it's somewhere in between. They satisfy a wide array of appetites," said owner Dean Taggart.

For Italian food lovers, nothing beats the homemade lasagna or pizza, thin or pan. The pizza is made from scratch from the crust down to the sauce.

Gilmer's Roadhouse features daily specials with items usually not on the regular menu.

On Fridays stop in for the all-you-can-eat fish fillet, with a choice of cod or ocean perch or a mix of both for just \$5.95. The price includes choice of potato, homemade soup or salad and garlic bread.

If it's a good burger you crave there is nothing better than sinking your teeth into a thick 1/2 pound made to order char-

broiled burger. There are 10 varieties of burgers with a full range of garnishes, if they don't have a burger to meet your needs they will mix and match items for personal preferences.

Homemade soups are served daily. A special treat is to have the New England Clam Chowder with the Friday fish fry.

The prices are very reasonable. Items from the children's menu start at just \$2.95.

The atmosphere is set up to make customers feel welcome and come as they are. "It's a good place to come with jeans and a sportshirt and not have to worry about dressing up," Taggart said.

There is a lounge area which serves pizza after the restaurant is closed. If you stop in on weekends reservations are suggested. For early risers come enjoy breakfast which opens at 8 a.m. on Sunday.

Taggart and his family welcome you to stop into the restaurant today. Restaurant hours are Monday through Thursday, 11 a.m. to 10:30, on Friday and Saturdays from 11 a.m. to 11 p.m. and on Sundays from 8 a.m. to 9:30 p.m.

Gilmer Roadhouse is located on the corner of Gilmer and Midlothian Roads. For carry out orders or for reservations call 438-0300.

## The Wharf: neighborhood bar with good food, prices

The kitchen is now open at the Wharf, formerly Grattan's Wharf, Lake County's spot for casual family fun and great classic rock bands.

"Soups and slaw are our hot items right now," said Mike Rader, co-manager. "Everything we make is homemade with a little bit of a southern flavor. We do our own bread for fish and feature daily food and drink specials."

Patrons to the eatery will find a beautiful view overlooking Deep Lake and a menu that won't hurt the pocketbook.

"There is nothing on our menu over \$7.95," said Rader. "And, the quality we offer is unbeatable. The fish and seafood we purchase is the best on the market. It's been referred to as 'poor man's lobster'; it's really good. This is not a sit-down fancy restaurant, just a casual place with good food and good music."

Each Friday evening fish is the spe-

cialty. Rader says the Wharf's cod is unbeatable.

The Wharf's house specialty is most likely its jello and pudding shots, said Rader and one of its most popular features is Sunday jam night. "People come by and just get up and jam," said Rader. "Sometimes whole families are up on the stage. It's really a good time for everyone."

Thursday nights are karaoke night, another popular feature at the Wharf. Live bands play every Friday and Saturday night.

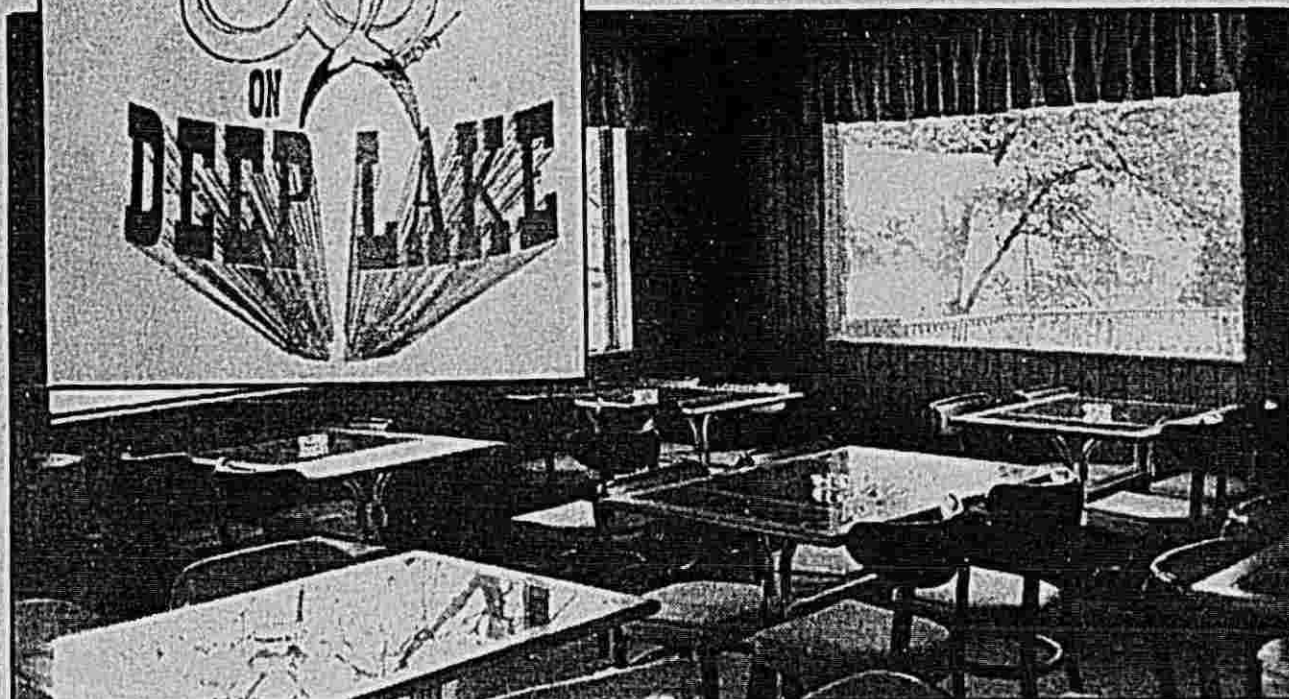

Kim Richardson, whom customers will remember as a long-time Wharf employee, is now co-manager along with Rader. "She is bartender and the hostess," Rader said. "Everyone just loves her."

Rader feels the Wharf is a true neighborhood bar where, whether you are a long-time customer or a first-time visitor, you'll feel at home.

"The Wharf is the place for casual dining and a good time," said Rader. "We cater to a crowd from 21 to 70."

Kitchen hours are: Sunday through Thursday, noon-8 p.m. and Friday and Saturday, noon-9 p.m. The bar is open Sunday through Thursday from noon to 2 p.m. and Friday and Saturday from noon to 3 a.m. the next morning.

The Wharf is located on Deep Lake. Take Rte. 132 to Deep Lake Road and turn left on 2nd Avenue. For more information call 356-0050. Carry-out is available.

## Halloween Carmel Apple Cookies

This is a winner! To make the cookie dough red, tint it with red food color paste, which is available at specialty food stores. You could use liquid food color, but the color won't be as intense.

1 cup sugar  
1/2 cup shortening  
2 eggs  
1/2 tsp. baking soda  
About 24 wooden sticks  
1/2 cup butter, softened  
1 1/2 tsp. vanilla  
3 cups flour  
1/2 tsp. salt  
Carmel Glaze (recipe follows)

Heat oven to 400 degrees. Mix sugar, butter and shortening in large bowl. Stir in vanilla and eggs. Stir in flour, baking soda and salt. Roll dough 1/4 inch thick on lightly floured cloth covered surface. Cut with 3 inch round or apple shaped cookie cutter. Place on ungreased cookie sheet. Insert wooden stick horizontally into each cookie. Bake 8 or 9 minutes or until edges are light brown.

Cool about 2 minutes; remove from cookie sheet. Cool completely. Spread top third of each cookie with Carmel Glaze. Hold cookie upright; allow glaze to drizzle down cookie. Makes about 24.

### Carmel glaze

1 pkg. (14 oz.) vanilla caramels 1/4 cup water

Heat caramels and water over low heat, stirring frequently, until melted and smooth. If glaze becomes too stiff, heat over low heat, stirring constantly, until softened.

## Pumpkin Cookies

Your Pumpkin Cookies can be given jack-o'-lantern faces by decorating them with licorice, candy corn or any of your favorite candies.

1/2 cup granulated sugar 1/2 cup packed brown sugar  
1/2 cup peanut butter 1/4 cup butter, softened  
1/4 cup shortening 1 egg  
1 1/4 cup flour 3/4 tsp. baking soda  
1/4 tsp. salt 1/2 tsp. baking powder

### Orange Creamy Frosting (recipe follows)

Mix the sugars, peanut butter, butter, shortening and egg in bowl. Stir in flour, baking soda, baking powder and salt. Cover and refrigerate about 3 hours or until chilled.

Heat oven to 375 degrees. Divide dough in half. Roll each half 1/8 thick on lightly floured surface. Cut with 3 inch pumpkin shaped cookie cutter. Place on ungreased cookie sheet. Bake 6 to 8 minutes or until light brown. Cool 2 minutes; remove from cookie sheet. Cool completely. Prepare frosting recipe. Generously frost cookies with orange frosting. Frost stems with green frosting. Draw a toothpick through frosting to resemble pumpkin.

Makes about 4 1/2 dozen cookies

### Orange Creamy Frosting

6 cups powdered sugar 2/3 cup butter, softened  
1/3 cup frozen (thawed) orange juice concentrate  
green, yellow, and red food color

Mix powdered sugar and butter. Stir in orange juice concentrate. Reserve 1/3 cup frosting; tint with green food color for stems. Tint remaining frosting with 2 drops yellow food color for every 1 drop food color to get the best shade of orange.

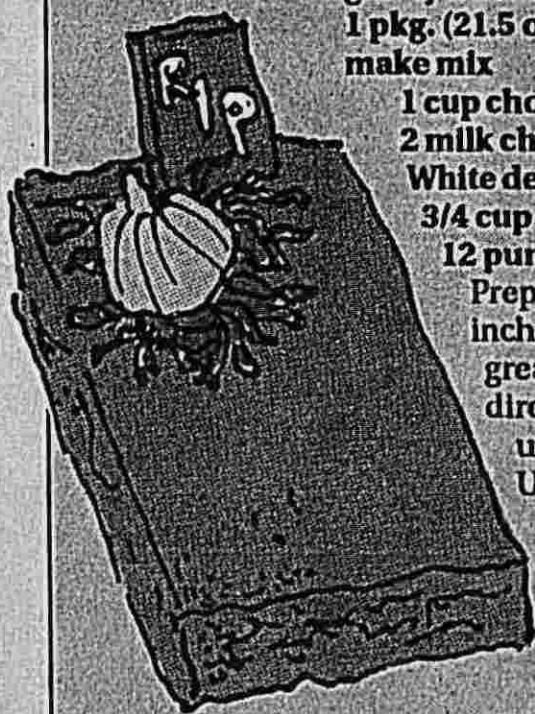

## Tombstone Brownies

Green coconut 'grass' and chocolate bar tombstones give these brownies a graveyard look.

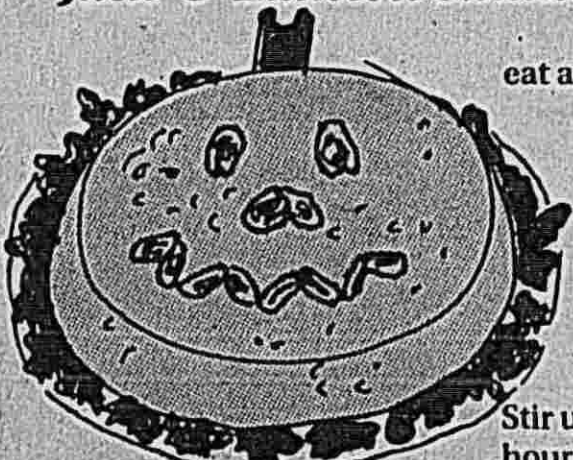

1 pkg. (21.5 oz.) brownie mix, plus the needed ingredients to make mix

1 cup chocolate frosting  
2 milk chocolate candy bars (1.55 oz.)  
White decorating icing  
3/4 cup flaked coconut, tinted green  
12 pumpkin candles

Prepare oven to 350 degrees. With foil, line a 13 by 9 inch pan with foil, extending foil beyond edges of pan; grease foil. Prepare brownie mix according to package directions. Spread in prepared pan. Bake 30 to 35 minutes (don't overbake). Cool in pan on wire rack. Using foil as handles, remove brownies from pan; peel off foil. Frost with chocolate frosting. Cut brownies into 12 4 by 2 inch bars. Break chocolate bars into pieces along scored lines. Using white decorating icing, write R.I.P. on chocolate pieces. Let stand until set. Press 1 chocolate piece into end of each brownie. Sprinkle tinted coconut in upper corner of each brownie for grass. Place 1 pumpkin candy on coconut. Tinted Coconut: Dilute a few drops of food color with 1/2 tsp. of water in a large plastic bag. Add 1 1/2 cup of flakes coconut to the bag, close and shake until you get desired color.

## Jack-O-Lantern Salad

This is an easy and a fun touch for your goblins to eat after trick or treating.

2 cups boiling water  
1 pkg. (6 oz.) orange gelatin mix  
2 cups cold orange juice  
1 lb. carrots shredded  
curly endive  
Pitted dates  
Celery

Place gelatin in medium bowl, add boiling water. Stir until dissolved. Add cold orange juice. Chill 1 to 2 hours, or until soft set. Stir in shredded carrots. Pour

into 9" round cake dish. Chill until firm. To serve, unmold gelatin onto plate covered with curly endive. Use dates to form pumpkin face and celery for stem. Serves 12

## Bloodshot Eyeball Cookies

These are so 'cute' spooky that no one will resist eating just one. The quantities below are for making one cookie.

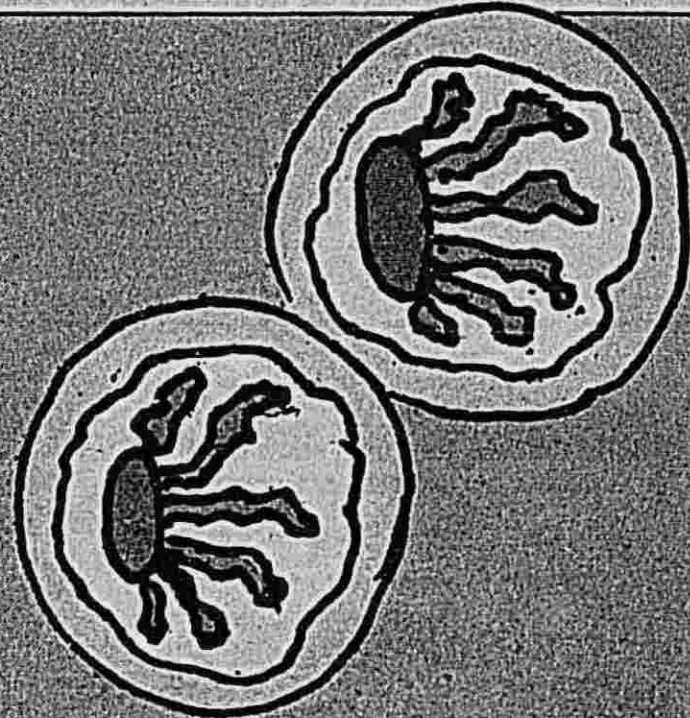

2 chocolate covered chocolate sandwich cookies  
1 T. Frosting Marshmallow Creme (recipe follows)  
2 green jelly beans  
Red decorating gel

Use frosting to cover chocolate cookie leaving edge of cookie showing. Press jelly beans into frosting to make the pupils of eyes. Decorate with red gel to make eyes look bloodshot. Makes 2

### Frosting Marshmallow Creme

1 container (16oz.) vanilla frosting  
3/4 cup marshmallow creme

Combine frosting and marshmallow creme in bowl; mix well. Makes about 2 cups

## Tortilla Haystacks

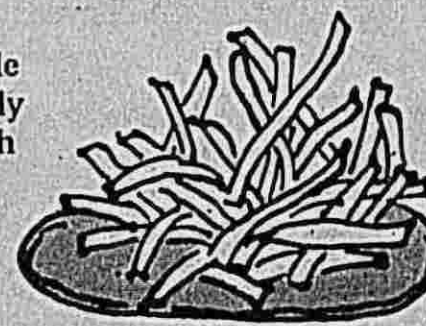

Salted tortilla strips make irresistible nibbles. The strips are cooked briefly in oil until crisp, then seasoned with a flavored salt.

12 corn tortillas (7 to 10 inch)  
Salad oil  
Garlic paprika salt or chili salt (recipe follows)

Stack 3 tortillas. With a long knife, cut stack into strips about 1/8 inch wide. Repeat to cut remaining tortillas. Pour about 1 inch oil into a 4 to 5 quart pan over medium heat. When oil registers 350 degree on a thermometer, add 1/6 of the tortilla strips; stir and cook until strips are lightly browned and crisp, about 1 to 2 minutes. Transfer with a slotted spoon to paper towels to drain; while strips are warm, season to taste with flavored salt. Repeat to cook remaining tortilla strips. Serve warm or cool. If made ahead, package cool strips airtight up until next day. To reheat, spread strips out in a paper towel lined 10 by 15 inch pan. Bake in a 300 degree oven until warm, about 10 minutes.

Makes 10 to 12 servings

Garlic paprika salt - Mix 1 T. garlic salt with 1/4 tsp paprika.  
Chili salt - Mix 1 T. salt with 1/2 tsp. chili powder.

## Striped Pumpkins

A new look, a new way to carve this year's pumpkins.

Carefully hollow out the pumpkin and carve big stripes all around it. Place candles inside and replace pumpkin lid. This is especially attractive in groups of three's and five's.

## Try forcing bulbs for winter bloom indoors

It's a beautiful, fall day. Just perfect for working in the garden. As you walk around the garden, you visualize areas that would benefit from early spring color. This would help both the appearance on the garden as well as your disposition after a long, cold winter. The perfect choice is bulbs. They are convenient, easy to plant, fool proof and offer a riot of color. But once planted, you won't see much until the snow starts to melt.

From the time you plant bulbs in October to the time the earliest bulbs provide color in March and April, there is a wait of about seven to eight months. This wait can be made more bearable by bringing spring indoors. One of the best ways to bring your early spring bulb garden indoors for the winter is to force flowering bulbs.

The first step toward having flowering bulbs indoors is to plan ahead. When you are at the garden center selecting bulbs for your outdoor spring garden, put a few extra bulbs in the bag for your spring indoor garden.

A little time, effort and a few simple techniques are all that is needed to induce bulbs that normally flower in the spring to produce fragrant, colorful blooms all winter long.

A bulb is an herbaceous perennial that becomes dormant after the foliage dies. Dormant buds survive in the fleshy tissue to yield next season's flowers. All spring flowering bulbs need a period of cold temperatures to break dormancy and let them rebloom again, indoors. This requirement is satisfied naturally over the winter. Indoors you need

to create cold conditions artificially.

Cold conditions are duplicated by placing bulbs in a naturally cold area. Temperatures should be in the range of 35 to 40 degrees for the full time the bulbs are cooling. The most convenient and ideal location is the refrigerator. This may get a few stares from friends as they open your refrigerator and see several pots of soil toward the back. Your remark to your puzzled friends is, "Come back at Thanksgiving and Christmas and see how nice my table looks with fresh tulips." The other option is an unheated garage or crawl space where these temperatures can be maintained. Depending on the type of bulb, the pot should be ready to come out of the cold in about eight to 12 weeks. After this time, the pots

should be full of roots which is a necessary component to successfully forcing bulbs. Bulbs can be "timed" for a special occasion by counting back eight to 12 weeks from when you want flowers. Add an extra seven to 10 days to allow the time needed for forcing.

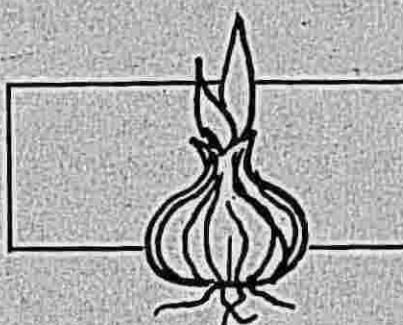

The other need during the "cold treatment" stage is water. Bulbs should be watered thoroughly after potting and then need a watchful eye so the soil stays moist throughout the chilling period.

Here are some specific instructions for a few selected bulbs.

Crocus—crowd corm into pots for best show.

Place in cool area for two months. Keep soil moist.

Daffodils—Plant four bulbs in an eight-inch pot.

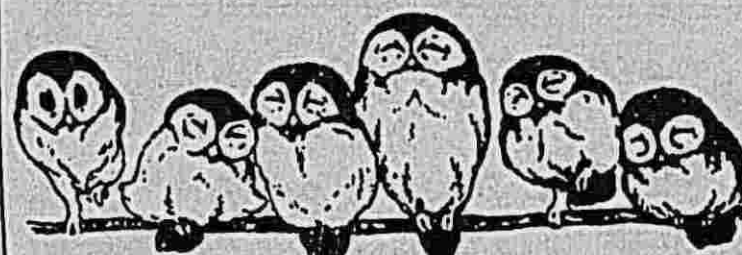

Leave bulb "neck" out of the soil. Water well and place in cool area for two to three months.

Hyacinths—Plant three to four bulbs per pot. Place in cool area for two months. After cold treatment, set in partial shade

area for one week and then place in full sun area.

Tulips—Plant four to six bulbs in an eight-inch pot. Place flat side of bulb toward outside of pot. Place in cool spot for three months. Move to a dark spot for one week before placing in full sun.

Another spring flowering bulb to try is the "no work" paper white narcissus. All they require is potting or placing the bulbs in a pebble filled tray with water. Put the container on a sunny window and enjoy. You can keep a supply of bulbs in the refrigerator and use them as needed for a nice display of color and fragrance.

## Tips for easy fall cleanup

Burning piles of leaves have become a thing of the past. And so have piles of curbside garbage bags stuffed with leaves, thanks to state and city legislation prohibiting homeowners from sending leaves and grass clippings to landfills.

Although the problem of what to do with fall leaves simply isn't going

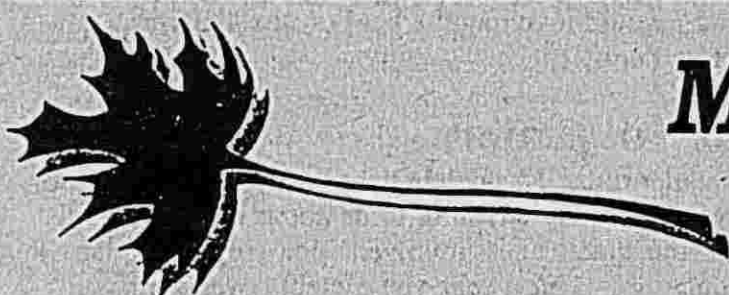

to blow away, there are some simple solutions.

First, grass clippings and finely chopped leaves can be left on your lawn. In fact, they actually fertilize the soil. That means homeowners don't always need to bag fallen leaves, especially if they use their lawnmowers as leaf shredders.

The key to replacing

your rake with your lawnmower is to finely shred the clippings and spread them evenly over the lawn. Chopped up leaves that cover no more than

one-half the grass blade do not pose a problem. If you cannot see the grass underneath the shredded leaves, you'll need to mow the lawn a second time.

## LIPSERVICE

IT'S THE TALK OF THE TOWN

Lakeland  
Newspapers

(Continued from page 14)

### No new building

I am working with the Antioch High School education fund committee. I just want people to know that we are not asking for a new building on this referendum. It is just a modest increase for the education fund. It is something the students really need.

### Kids disappointed

I am calling to tell Lakeland Publishers that when you print children's names in the paper you should be more accurate. On page 10 of the Grayslake paper, there were many misspellings and a whole row of kids names missing. It really upsets the children.

*Editorial note: Dear reader, we do apologize for that inadvertent error. We are planning to reprint that picture with corrections.*

### Pits not Heights

I live in Round Lake Heights. I applied for a business license for a home business. I was told that no home business can be run in the village. However, I also have noticed a sign that has been on Lotus Drive at the village clerk's home. I don't think we are the Heights, we are the pits!

### Teacher's hours

The level of education could be better in schools if parents put in more time and energy in disciplining their children. They should support their schools by volunteering, instead of criticizing teachers. Teachers spend most of their weekends grading papers and calling parents about discipline problems. When you add it all up, they do work a 60 hour week.

### One job only

Why are the taxpayers in the Hawthorn school district paying a salary to a teacher and another salary to the same teacher to schedule the bus routes? Let's give him one job, a teacher. Maybe our bus routes will get a little more attention from someone else and not be so messed up.

### Spell it right

It would be nice if the reporters would get the name of the mayor of Volo correct. His name is Burnell Russell. He is doing a fabulous job in our new community here.

### Help them out

I am calling for the Knights of Columbus. This weekend, Oct. 22 and 23 is our annual Tootsie Roll fund raiser for the mentally handicapped. Please give us a hand if you can. At least 90 percent of this money will stay in our area.

### Ruined Halloween

Thanks Barb, and all of you born-again holy rollers for taking away the celebration of Halloween in our schools. It was a fun holiday. Never once have I thought of it as devil worship. Go back and read your Bible the right way. If you didn't want your children to attend, they could have gone in another room and studied.

### Fears Satanists

Halloween is coming. Protect your pets, especially black cats from theft, mutilation, and death at the hands of Satanists who delve into the world of occult. I am from Round Lake Beach.

### Who gets them?

I agree that people should not be given freebie memberships in the Wauconda Park District. My question is who has been given these memberships? I think if you are an employee, you and your spouse should get one. But not your brother, neighbor, or baby-sitter just because they did something nice for you. The commissioners don't use it. They smoke and are overweight.

### Just ignorant

This is for the 'Abortion Kills' sign holder. I respect your opinion and you should respect mine. I am pro-choice. Pro-choice are not the 10 percent that spit on you and gave you the finger. Those people were just ignorant and don't respect anyone.

### Cops helped

I am a teenager in Round Lake. Some of my friends had a problem on Friday, Oct. 2. We decided to call the cops.

The policeman was friendly and helpful and did all they could. Thank you for your repeated efforts.

### Give something back

It seems that many people that are against the small tax increase proposed for the ACHS referendum are ones who had their own education there, also their children and grandchildren. Let us all make this contribution and hope for a better tomorrow. Also, these commanders who operate BEST could end up being the worst.

### Across the board ignorance

Considering that the anti-abortion people have shot about three doctors, I would have to say to the sign holder person that it proves we have ignorance across the board.

### Wants information

I really appreciated the article about the Tail Waggers in the Fox Lake paper. The only problem is, how can I get my daughter involved? There was no phone number or contact person and I would love to get a hold of this 4-H club. Please let us know.

### Unfair to juniors

I am a reader of the Mundein paper and it is surprising to me that you never say anything to us about junior football league and the cheerleaders involved. You only put in the high school stuff. I have sent you pictures over the past few years and you totally ignore it. I don't think it is fair.

## Don't funerals cost too much?

The value of a funeral cannot be measured totally in economic terms. You must also consider social and emotional factors. In economic terms you pay for the service of trained, licensed people, on call 24 hours a day, 365 days a year. Our staff works to assist you when your loved one dies. The cost of a funeral also pays for our comfortable building, special vehicles and a casket. More importantly, a funeral gives you an important opportunity to express your emotions and feelings about the deceased. Through a meaningful ceremony you can express your love and say good-bye. We cannot set a value on these factors but psychologists have noted they are very important for healthy living.

**How To Survive The Job Search**  
By Nancy Sakol

**Q:** Dear...Search: While I am not one with a whole lot of work history, I have recently composed my own resume on my computer. I have used it on a few interviews to date, however I was told be someone who interviewed me that my resume was backwards. I have enclosed a copy for you to see and perhaps you could tell me what he meant. Thank you. E.R. - Spring Grove.

**A:** Dear E.R. What I believe he was trying to get across to you was that you have listed your work history in reverse (or backwards as he put it). Always list your most recent employer first and work in reverse. The good news is that it is already on your computer so it should not be difficult to revise.

**Q:** Dear...Search: While I am currently unemployed, I would like to leave a number on my resume where I can be reached so as not to miss a call. Is it improper to have my answering machine answer these calls or do you recommend that I hire an answering service to do the job for me? Thanks! D.K. - Lake Villa.

**A:** Dear D.K. During the job search it is important to remember that "you never get a second chance to make a first impression". Therefore, if your answering machine has an opening message on it that is currently funky, out of character or, better yet, tasteless my suggestion to you is to change it to a refined and conservative opening message. Believe it or not, the message one places on their own answering machine can say a lot about one's personality. With as many machines as I listen to...well, let's just say that I have heard some of the most outlandish and offensive messages that if I were personally in the job market and an employer called and heard some of what I have...There is no question that it could be a contributing factor to whether or not a person is actually called in for an interview. As for the alternative...hiring on a service is always more personal in that you are able to speak to a person as opposed to a machine. However, for some unemployed persons this luxury may not be economically feasible. The answering machine will serve its purpose if you remember to go conservative. Good Luck!

Note: Nancy Sakol is a licensed personnel professional and President of Superior Personnel in Gurnee. Letters can be sent to Nancy at 5101 Washington St., Gurnee, IL 60031.

## Johnsburg enjoying double title in NWSC C.C.

### Malo, Norris win NWSC title races

Chris Malo, like the rest of the Johnsbury High girls cross country team, did not quite know what to expect in the Northwest Suburban Conference meet at the Skyhawks' home course.

"It was a lot of preparing, but I did not know what to expect because she (Grayslake's Jennie Dunbar) did not compete last year," Malo said.

Malo won the two-mile course in a personal best 11:43 to claim the NWSC crown. This would be the first of two Skyhawk championships this sunny

Thursday, as Justin Norris would later win the boys race. The Skyhawks came home with both team titles. The girls downed second-place Grayslake 22-63. The boys downed second-place Round Lake 35-41 in a closer meet.

Malo beat Dunbar by 19 seconds. Johnsbury's Jackie Sandall was third, 48 seconds ahead of Dunbar.

Round Lake was third with 86 points. Marian Central was fourth with 100 points, and Grant had 126, Wauconda 133 to round out the girls race.

"We had a very strong season," Johnsbury Coach Debi Kelum said of the dual titles. "I was really nervous going in, but Rich Eschmann set the table."

Chad Bauer finished fourth for Johnsbury in 17:30, Dan Gibson eighth in 17:58, one second better than teammate Steve

Vogt, rounding out the top 10.

Amy Latessa gave Johnsbury three finishers in the top five of the girls race. Megan Buchannon was sixth, Ketley Schiller seventh.

Mundelein's Lakewood Forest Preserve will be the site for many area teams in regional competition Oct. 23. Johnsbury joins the field at Crystal Lake's Veterans Acres.

Kelum, in her first year as JHS mentor, said Norris has gained confidence and speed.

Norris and Grayslake's Jason Gantt battled neck-and-neck until the final hill on the three-mile course. Norris finished in 16:21, 29 seconds ahead of Gantt.

"We run a lot of hills in practice. I love them," Norris said.

Norris, a junior, also runs track.

For Rams sophomore Gantt, the NWSC race came the same week he was scheduled to have stomach surgery.

"He said he felt fine running, but then it cramped. It was a tremendous effort to be here running. He like to go hard," Grayslake Coach Joel Peebles said.

Round Lake's second-place 41 score was paced by fifth and sixth-places by Will Cornelio and Jamie Strand. "They did a very good job," Coach Lance White said.

Grant finished with 126 points for fifth place in the boys race while Wauconda came in last.

Freshman Chuck Bosworth led the Grant effort with a 12th place finish in 18:20. Ben Carter was 13th.

"Bosworth has a good speed for a freshman and good running style out of the gate," Coach Sam Spasejevich said.

Bosworth also plays junior varsity golf. "I like cross country better. I just started playing golf this year," Bosworth said.

## Johnny Johnson continues to impress Illini coaches in win

University of Illinois Fighting Illini sophomore quarterback Johnny Johnson continues to impress head coach Lou Tepper and offensive coordinator Greg Landry as he leads the Illini offense to a 49-3 victory over the Iowa Hawkeyes on homecoming weekend for the Hawkeyes.

The former North Chicago star, once again had an impressive game according

to Tepper, was 11 of 17 for 178 yards. Johnson threw one touchdown and had one interception.

The Illini win moves the team into third place in the Big Ten with a 2-4, 2-1 record.

The Michigan Wolverines are the Illini's next opponent on Oct. 30 in Ann Arbor.

## Lake County area tennis stars advance to state meet

With the state girls tennis meet scheduled for this weekend at Prospect High School, five singles and four doubles teams from area high schools will compete for medals in 1993.

Leading the way, and the area's best hope for a state champion, is the Libertyville Wildcat number one doubles team of Sarah Anderson and Marilee Bouller, who defeated Wildcat teammates Erin Kester and Lisa Sayers 6-1, 6-0 at the Grant Sectional for win.

In addition, Grayslake's Becky Ziolek and Kristen Bruley and Wauconda's Becky

Stevig and Jessie Jabcon also advanced to the state meet.

In singles action, Warren's Erika Offerdahl defeated Grayslake's Sarah Leninsky 6-1, 6-1 for first place at the Grant Sectional, while Warren's Jeni Dishner defeated Grant's Tiash Saha 1-6, 6-4, 6-3 for third place. All will travel to the Arlington Heights area for the state meet.

Stevenson's Michelle Dasso will make an appearance in the state meet as a freshman.

## Three area schools battle to tie for NSC soccer title

Libertyville or Stevenson had a golden opportunity to win the North Suburban Conference title outright after Antioch lost to Warren to drop into a three-way tie. However, neither team was able to capitalize and the team's played to a 1-1 tie and will share the NSC Conference title this season with Antioch.

Scoring for Libertyville was Neil Waters, while Justin Beverley scored the

only goal for the Patriots.

Antioch lost 2-0 at Warren earlier in the day and Antioch Coach Brad Nelson believed he would see the winner of the NSC emerge from the Stevenson-Libertyville game.

However, after the tie, Nelson shared a conference championship with Stevenson's Mark Schartner and Libertyville's Andy Bitta.

## Libertyville wins, kills off Warren playoff hopes

### Libertyville 14, Warren 13

Libertyville remained undefeated at 7-0, 6-0 in the North Suburban Conference by dodging a bullet at Warren 14-13. Warren played Libertyville tough throughout the game but a miscue on an extra point attempt spoiled the Blue Devils playoff hopes for 1993. Bob Paulson scored two touchdowns for the Wildcats, while Andy Strahan scored twice for the Blue Devils.

### Round Lake 8, Wauconda 6

The Round Lake Panthers proved that they are not ready to roll over an play dead just yet as they defeated the previously unbeaten Wauconda Bulldogs 8-6 in a Northwest Suburban Conference matchup. Bobby Tellez scored for Round Lake, while Kevin Cajda scored for Wauconda. Round Lake faces Grant in a battle for first place on Oct. 22 in Fox Lake.

### Grant 32, Johnsbury 14

The Grant Bulldogs showed why experts

picked them to win the Northwest Suburban Conference by disposing of Johnsbury 32-14. The bulldogs gained 368 yards of total offense, 234 on the ground in the win. Scoring for Grant were Scott Goodale (2), Dave Stone (2), and Shawn Powers. Grant faces Round Lake in a game for first place in the NWSC next week.

### Jacobs 19, Lake Zurich 14

The Lake Zurich Bears record in the Fox Valley Conference dropped to 1-4 as they lost to Jacobs 19-14. Scoring for the Bears were: Mike Schauder and Mike Stumpp. Lake Zurich is now 3-4 overall.

### Stevenson 20, Antioch 6

The Stevenson Patriots continued its quest for a playoff berth with a 20-6 win over a stubborn Antioch Sequoia team. The Sequoia defense held the game close at 7-6 until midway through the fourth quarter

before Patriot running back Faraji Leary broke free for two fourth quarter touchdowns and a decisive victory. Stevenson (5-2, 4-2 in the North Suburban Conference)

## Football Standings

dominated in every category, except the score, until late in the game. Antioch is now 2-5, 2-4 on the season.

### Rockford East 41, Mundelein 0

Rockford East scored early and often during their 41-0 homecoming game victory against Mundelein, who is still winless at 0-7 on the season. Mundelein only gained one first down, a B.J. Johnson 16-yard run, for the entire afternoon. The Mustangs only gained 35 yards in total offense. Roberto Chico intercepted two Rockford East passes to help keep the game

close before the half.

### Marian C. 28, Grayslake 14

Grayslake hoped to pull off its first win of the season during the Rams homecoming weekend, but instead ran into a determined Marian Central team and a 28-14 loss. Marian Central, with the win, stayed in the Northwest Suburban Conference race at 2-1. Scoring for Grayslake were: Ryan Koeing and Jason Lake. Grayslake drops to 0-7 on the season, 0-4 in the NWSC.

### Fenton 27, North Chicago 12

North Chicago drops another tough ballgame, this time on the Warhawks homecoming weekend to Fenton 27-12. Fenton kept its playoff hopes alive with the win, while North Chicago dropped to 1-6 on the season and in the North Suburban Conference. Jevon Johnson and Caus Swoopes scored for the Warhawks.

## Pressure off for senior years for Wildcats Heldman, Karl

One Libertyville High basketball stand-out opted to go east while another chose to stay closer to home in making choices for college.

Matt Heldman will attend the University of Illinois while Kelly Karl will take her basketball talents to the University of New Hampshire. Both made verbal commitments to the schools last week and will sign national letters of intent Nov. 10.

"It was a difficult decision, but I wanted to stay in the state," Heldman said.

Heldman's nearly 25 points a game through the post-season lifted the Wildcats to within two points of an Elite Eight bid last March, making the Sweet Sixteen. Karl's efforts paced the Lady Wildcats to the same level, but their margin was much larger in the bid to play at Bloomington.

"It was pretty much what I expected. I enjoyed it. You get to meet and talk to all the coaches you see on T.V.," Heldman said of the recruiting process.

Karl had a different view.

"You never know who is telling you the truth. It is quite complicated," she said.

Both are undecided about their majors and said it was good to decide early, taking

off the pressure for their senior seasons.

Heldman credits all his coaches from Max Sanders on down as well as his father for helping his talents. "We started playing really well as a team for four games," Heldman said of the post-season.

The Wildcats were 17-13 last year, after losing 70-68 at Welsh-Ryan Arena to Glenbrook North in double overtime.

Heldman, who has played basketball since the third grade, visited two other Big 10 schools, Northwestern and Michigan State.

"It is a real good academic school and that is what I was looking for," Karl said.

Coach Rose Peoples met Karl at an off-season camp. "They run an up-tempo style and she said I could step right in and be able to start," Karl said.

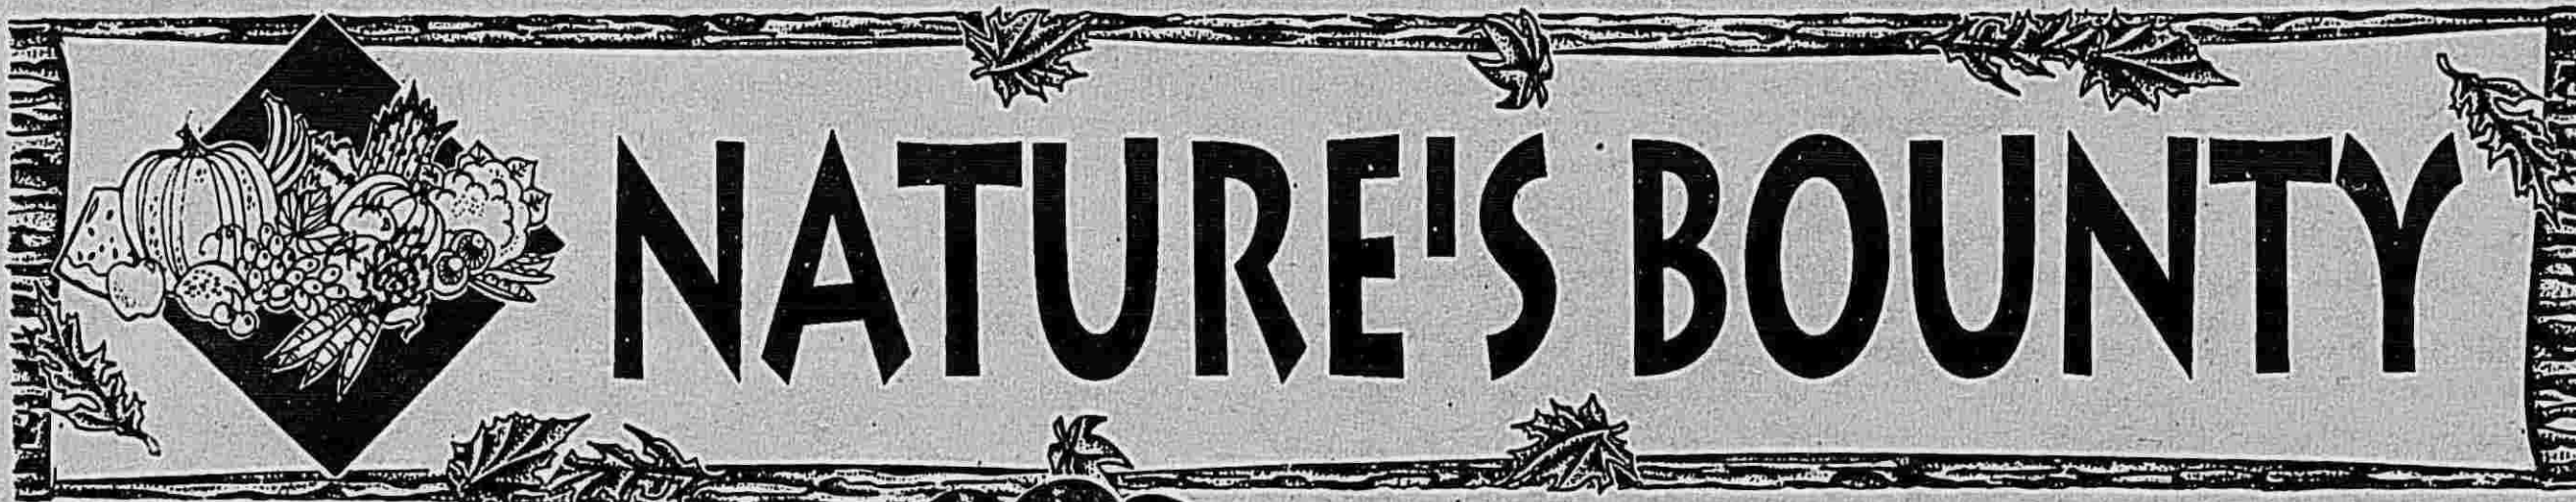

Karl, an all North Suburban Conference pick for the 15-3 NSC 'Cats, also competes in cross country and soccer at LHS, and both sports have provided her with memories.

"Cross country is the most fun in terms of camaraderie. And in soccer we won the state championship when I was a freshman," Karl said.

### Shooting, scoring

Libertyville soccer players Ross Bertone (20) and Mike Schnieders (11) attack the Stevenson goal during Libertyville's 1-1 tie with Stevenson to end the North Suburban Conference season. Schnieders headed the ball in the goal for Libertyville's only score. The winner of the game would have won the NSC Soccer title outright. ### Cheddar cheese apple pie

#### Crust

- 2 cups all-purpose flour
- 1 Tbl. sugar
- 1/2 tsp. salt
- 3/4 cup butter flavor Crisco
- 3/4 - 1 cup shredded medium sharp cheddar cheese
- 5-6 tps. ice water

#### Filling

- 6-7 cup sliced (1/8-inch slices) peeled, Rambo, Granny Smith or other baking apples (about 2 lbs. or 6-7 medium)

- 1/2 cup firmly packed brown sugar
- 2 Tbls. quick-cooking tapioca
- 1/2 tsp. cinnamon
- 1/4 tsp. nutmeg
- 1 Tbl. fresh lemon juice
- 1 tsp. vanilla

**Crust:** Combine flour, sugar and salt in medium bowl. Cut in butter flavor Crisco using pastry blender (or 2 knives) until flour blends into pea-size chunks. Stir in cheese gently.

Sprinkle with water, one teaspoon at a time. Toss lightly with fork until

dough will form a ball. Press between hands to form two 5-6 inch "pancakes." Wrap in waxed paper. Refrigerate 20 to 30 minutes.

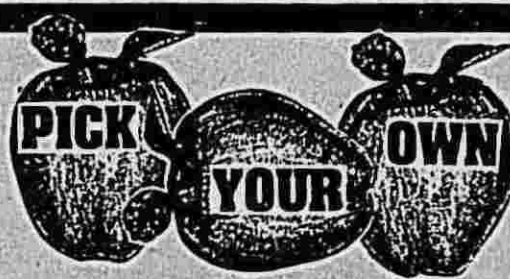

Heat over to 450 degrees.

Flour rolling surface and rolling pin lightly. Roll dough for bottom crust into circle. Trim one-inch larger than upside-down 9-inch pie plate. Loosen dough carefully. Fold into quarters. Unfold and press into pie plate.

**Filling:** Combine apples, brown sugar, tapioca, cinnamon, nutmeg, lemon juice and vanilla in large bowl. Spoon into unbaked pie shell. Moisten pastry edge with water.

Roll top crust same as bottom. Lift onto filled pie. Trim 1/2 inch beyond edge of pie plate. Fold top edge under bottom crust and flute. Slit top crust. Decorate as desired.

Bake at 450 degrees for 15 minutes. Reduce oven to 375 degrees. Bake for 40 to 60 minutes or until filling is bubbly and crust is golden brown.

# Playoffs bid wide open in the wild Northwest

by STEVE PETERSON  
Lakeland Newspapers

More teams have seen their playoffs hopes disappear as the playoff picture begins to clear up with just two weeks left.

Gone are the lofty predictions of August, replaced by the reality of October. The haves have certainly been separated by the have-nots.

Assuming a 6-3 record is good enough for the post-season dance, only one team, Libertyville, has clinched the berth with a 7-0 mark. Two others are at 5-2 and should make it.

Then there is the weird, weird world of the Northwest Suburban Conference. There, 3-4 overall is good enough to be in the race - if you have won the first two of three conference games as Round Lake and Wauconda have. Only Grant stands alone at 3-0, but will face Round Lake this weekend, which could either end everyone's

chances but Grant or open the whole race up again.

A look at how the playoff contenders stand after seven weeks:

The Libertyville Wildcats have combined the always tough traditional defense with offense which is an explosive one behind soph QB Todd Fullbright.

**Comment:** in like flint. Quarterfinalist potential.

Carmel is 5-2, 4-1 East Suburban Catholic Conference after some strong wins in the last two weeks. "We talked to the kids after the loss to Joliet Catholic and readjusted our goals. Now our goals are different. We want to be in the playoffs," Carmel Coach Mike Fitzgibbons said.

**Remaining games:** Notre Dame at home, Oct. 22; Benet at home, Oct. 29.

**Comment:** home schedule favors Corsairs. Kenye Pendleton keys the offense. Big factor is QB situation: if J.R. O'Campo

returns or if soph Nick Yeager continues to develop.

Stevenson is riding the wave of its running game led by Faraji Leary and Robert Liszka. They combined for five touchdowns against North Chicago.

**Remaining games:** home against Lake Forest Oct. 22, but finish the season home against Mundelein Oct. 29.

**Comment:** Can't look past lesser opponents, but 6-3 looks good even if the Pats don't upset Lake Forest.

NWSC: Grant won its first three league games after a brutal non-conference schedule. Grant is led by QB Sean Powers. Wauconda and Round Lake have outside shots, both at 2-1, if Round Lake can take Grant on Oct. 22.

**Remaining games:** Wauconda is at Marian Central in a must win game on Oct. 22 and is at Grant on Oct. 29. Grant hosts Round Lake Oct. 22, then Wauconda to round out the season.

The 3-4 Panthers are not out of it yet. Robert

Swanson directs a high-powered option offense, but defense has been problem at times. Round Lake was 2-4 last year but won the last three games for the league title. However, don't look for the league winner to get past the first round.

**Of note:** unfortunately, high school football is beginning to follow the collegiate example. There was a needless altercation following Stevenson's 42-6 win over North Chicago. It got to the point where both teams had to take different routes to the locker rooms.

There was also more than a dispute late in the Warren-Mundelein game. Has the fun gone for these guys, too?

## Libertyville looks unstoppable at volleyball tourney

Is there anybody out there who can stop, or at least slow down the Libertyville girls volleyball team?

The answer to that question has been a resounding No. Through 30 matches, few teams have stretched the Wildcats to three games. Zion-Benton and Glenbrook North were the latest victims, both falling in two games last week.

Volleyball fans will flock to Libertyville High for the county tourney Oct. 22 and 23. The 30-0 Wildcats are looking to better a third-place finish last year.

"We want to pick our defense up a notch," Wildcats Coach Chris Tryzna said.

"We knew we would have a strong attack going into the season, but the question was the passing and all other phases," the coach added.

Libertyville dismissed Zion 15-4, 15-2 to complete the NSC undefeated.

Senior Arian Adams was

nine-for-10 with five kills against the Zee-Bees. Lindsey Celba, another senior, was 8-for-10 with six kills.

Katie Sriver led in serving points with 12 on 13-of-14 with an ace. Adams had eight points with 7-for-9 with two aces.

"Glenbrook North played a real strong match and our emotions were a little high with senior night. We played well enough, but it was not the prettiest of matches," Trzyzna said.

Once the Wildcats got down to business, that is just what they did in a 15-8, 15-8 romp.

Celba was the leading server with 12 points on 14-for-14 with five aces. Adams had 10 points on 11-for-11 with one ace.

Adams had five kills, Celba four.

Challenges to the Wildcats could come from defending champ Stevenson, which downed Warren and Buffalo Grove last week.

## Sequoits played tough, but lost to strong Stevenson 20-6

by JOHN BURKE  
Lakeland Newspapers

The Antioch Sequoit stayed with the Stevenson Patriots for three and a half quarter before "we just got wore out," said Antioch head coach Del Pechauer.

"They were just so big along the offensive line compared to us they had to go 270 to 280 along that line. Our biggest guy is only about 220," added Pechauer.

The Sequoits scored on their first drive of the game on a 11-yard run by Brad Rubash giving Antioch a 6-0 lead.

"We where able to score on them (Stevenson) our first time down, but on our second drive we threw an interception and it really got us down," according to Pechauer.

Stevenson scored three consecutive times, late in the fourth quarter, to put the game away. Robert Liszka scored on a three-yard run. Faraji Leary scored Stevenson's other two touchdowns on runs of 60 yards and 7 yards.

"Leary is a great back," said Pechauer.

Antioch then decided to "try something new," according to Pechauer, going with Cliff Moore over Casey O'Connell at quarterback.

"They're both capable quarterbacks," said Pechauer. "They can both do the job. Casey has the better arm of the two, but Cliff stays in the pocket better."

To hold Stevenson at bay for three-plus quarters, Antioch used "a bunch of different defensive fronts" said Pechauer, adding "We didn't want to show them the same thing twice."

Sophomore linebacker Jason Breem led the Antioch defense.

"He was all over the field for us," said Pechauer. "Also Mike Shay did a great job at defensive end. We put him up against their biggest lineman."

Antioch heads to winless Mundelein (0-7, 0-6) this weekend.

"We are going to try to pick-up the practice tempo this week," said Pechauer. "They (Mundelein) like to run that unbalanced line all the time and we need to be ready."

## Sequoits ready for post season, county tourney

by THOMAS STEVENS  
Lakeland Newspapers

The Antioch Community High School Lady Sequoit volleyball team improved its season record to 18-7 with a 15-8, 15-11 defeat of Loves-Park Harlem and used that experience to ready itself for the county tournament at Libertyville this weekend and the regionals at Warren beginning Oct. 26.

"I think we are playing well right now," said head coach Gwen Varney. "The Libertyville tournament will help us get ready for the Regional beginning Tuesday at Warren."

Proof that the Sequoits are ready for the post season is the team's incredible serving against Loves Park. The Sequoits served a perfect game against Loves park, a mark Varney said is very hard to accomplish.

"This is the first time all year that we accomplished that feat," said Varney. "Serving like that is difficult to achieve."

Kim Wirsing was 13-13 with one ace and 11 points, while also gaining 12-13 with 4 kills on defense.

Megan O'Grady was 11-11 serving with six points, while perfectly setting 33-33 with seven assists. Katie Harney was 14-14 with 5 kills.

"We are starting to block better on defense," said Varney. "Our net play has been constantly improving."

Antioch plays Stevenson, Grant and Wauconda in the county tournament beginning Oct. 22. Antioch defeated Stevenson and Grant twice and has not faced Wauconda yet.

"You have to be careful facing Stevenson for a third time after two straight wins," said Varney.

Varney's team then moves on the Warren Regional on Oct. 26 when they face Warren at 6:30 p.m. Antioch is ranked number one in the regional, although Varney is a strong believer that rankings don't win championships.

"We hope to take some momentum with us from the tournament to Warren and play well in the regional," said Varney.

Momentum is the key, according to Varney, who compared tournament play to match play.

"In a tournament, the better team can overcome a slow start and build to victory, while in a short match play setting, (like regionals and beyond) a slow start could mean a quick exit," said Varney. "Momentum is key. You have to have momentum."

## Passarella, Miles end great season at Lake Forest Sectional

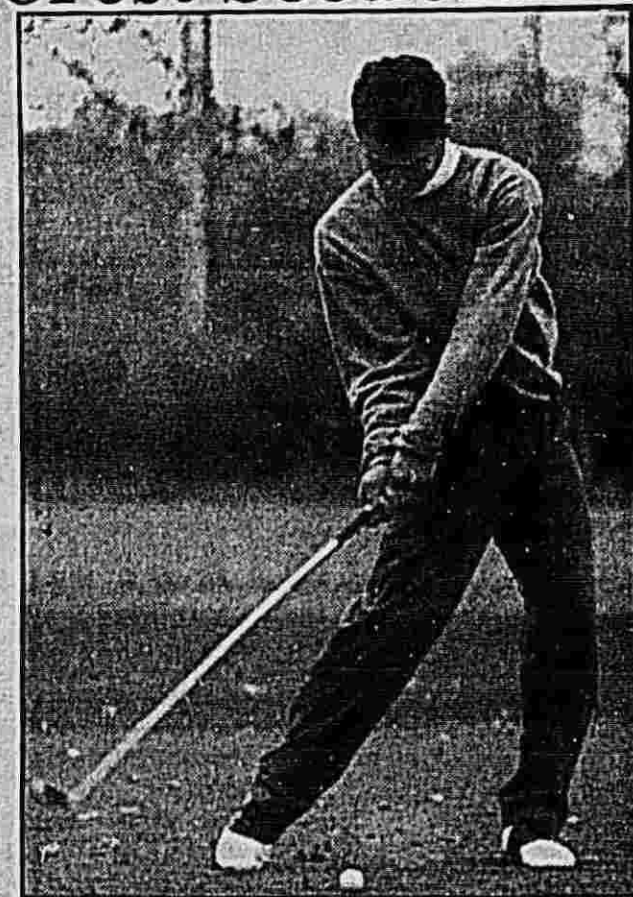

Future bright for young ACHS pair

by THOMAS STEVENS  
Lakeland Newspapers

Antioch Community High School golfers Chris Passarella and Charlie Miles competed well enough in regional competition to reach the sectionals at Lake Bluff Golf Club in Lake Forest, but their season ended there after shooting over the 82 needed to compete in the state meet.

Passarella, a junior, shot a regional best 74 to take the medal for the Waukegan regional. Miles, a sophomore, shot an 80 to tie for seventh place and to advance to the Oct. 12 sectional in Lake Forest.

ACHS will be a favorite next season in the North Suburban Conference with Passarella becoming a senior and as Miles continues to mature as a player.

## U-10 Royal Eagles rally to tie Hinsdale Strikers

The Lindenhurst Royal Eagles (Under 10) rallied from a two goal deficit to gain a tie with the Hinsdale Strikers. Two early goals by Hinsdale served as a wake-up call to Lindenhurst, who then went on the attack. Right wing Adam Placko set up their first goal, which was fired in by Kaleb Barrett. Placko tied the game in the second half with a brilliant header off a cross from Brian Halvey. Matt Boller, David Calvert and Adam Jordan stood tall on defense in front of solid goaltending from Kevin Mathewson. Midfielders Ryan Myers, Ramesh Kumar and Mike Persman fought hard to keep up the Lindenhurst attack, and Persman made a game-saving defensive play in the final moments of the game. The tie extended the Eagles' unbeaten streak to 6 games.

The Under 11 Turbos entertained the Sports Club from Frankfort in a top of the table clash. The standard

Jason Meyers

of soccer from this age group was excellent from both sides. Lindenhurst missed several break away chances which resulted in a 1-0 loss. Sports Club scored the winner from the penalty spot. Coach Nigel Wheeler made special praise

of goal keeper Jason Myers.

The Under 12 Lightning took a tough 2-1 loss, their first of the season, in a home game against the American Eagles of Glendale Heights. Lindenhurst controlled most of the game behind the aggressive play of midfielders Scott Bender, Keli Owens, Kevin Earl, Ryan Hlinak and Kevin Nelson. The Lightning's goal was scored by Matt Nolan, assisted by Quinn Gooch. Glendale Heights somehow managed to put in two goals despite a tough defense of Mark Sanderson, Josh Boller, John Mendelke, Clint Ludden and Jay Sturt. The Lightning's season record is 5-1-1.

The Under 13 Eagles played an away game against the Stingers. The play did not represent the results. The Eagle played a well and hard fought second half but were defeated 6-1. The single goal was scored by Carl Wheeler.

## Lindenhurst girls U-13 Stars suffer first loss of the season

The U-19 Enigma defeated the Glenview Force 4-1 on goals scored by Kelly Landgren (2), Heidi Lanshoff, and Chenoa Chebny. Assists were given to Katie Harney (2), Colene Handy, and Maline Gooch. Strong defensive performances were given by Jaimee Rinehart and goalie Angel Giangiorgi.

The U-15 Blitz battled to a 3-3 tie with the Libertyville Wildcats at Polley Field. The Wildcats had a 2-0 lead at the half, but the Blitz came back strong to take a 3-2 lead with six minutes to go in the game. The Wildcats scored a goal with six seconds left in the game to tie it. Blitz scores came from Carrie Gofron (2) and Stacie Morley. Morley had two assists and Becca Bleyer had one for the Blitz. Strong performances were turned in by Erin Sparkman, Susan Woodruff, Becky

Ayre and Jill Denoma. The Blitz remain in first place with a 3-0-3 mark on the season.

The U-13 Power tied Naperville White 1-1 on a goal by Sarah Richardson. Good goalie work by Kristiana Giangiorgi and good play from Kristen Hungarland and Jenny Barbera helped the Power gain the tie.

The previously undefeated U-13 Stars fell to the undefeated Cary Defenders 6-2 at Polley Field. Four of the six Cary goals were scored on penalty kicks. Both of the Stars goals were scored by Mandy Fasano, with assists to Samie Korbak and Amy Carlberg. The Stars record is 5-1-0.

The U-11 Lightning traveled to Hoffman Estates and were defeated 5-0. The Lightning's record is now 2-3-1 on the season.

## Warren Class AA volleyball regional set for Oct 26, 28

The pairings for the Warren Township High School IHSA Class AA girls' regional volleyball tournament, set for Oct. 26 and 28, have been set with Antioch facing Warren and Waukegan facing Zion-Benton at 6:30 p.m. in the Warren Twp. High School gym. The winners of those games will meet in for the regional championship on Oct. 28 at 7 p.m. Tickets will be available at the door at 5:45 p.m. on Oct. 26 and at 6:15 p.m. on Oct. 28. There will be no

advance sales. The ticket prices are \$1 for grade school students, \$2 for high school students and \$3 for adults. The winner of the regional championship will be

presented a trophy at the conclusion of the championship game on Oct. 28. Fan parking will be available in either the

North or South parking lots off of O'Plaine Rd. For further information, call Warren Athletic Director Mike Kunkle at 662-1400, ext. 12 or 19.

## ACHS Athlete of the Week

### Passarella swings to regional win

Congratulations to Chris Passarella for being selected Athlete of the Week for the week ending Oct. 2. Passarella shot an 82 at the North Suburban Conference meet for an eighth place finish. He continued his hot hand by scoring an 80 at the Waukegan regional, which was good for medal honors and a first place finish. The First Chicago Bank will make a donation to the high school scholarship fund in Passarella's name. Congratulations also to Ken Ipsen, Megan O'Grady, Megan Halley, Steve Spronk and Megan Durney for being nominated.

Chris Passarella receives congratulations for being named Athlete of the Week by Robert Mueller of the First Chicago Bank of Antioch (left) and ACHS Men's Golf Coach Roger Alm.

Antioch's Boy Scouts of America Troop 92 is selling pumpkins of all sizes on Saturdays and Sundays from 9 a.m. to 3:30 p.m. at Antioch Auto Parts on Route 173 just east of Route 83.

## Chain of Lakes Bible Church to build two-story activity center

The Chain of Lakes Community Bible Church broke ground again for a new two story activity center. This will be the first phase of a two part expansion of the church's current facilities. Two years after moving into its new church home on Grass Lake Road they find themselves needing more space.

"We have simply run out of room for activities,"

said the church's Senior Pastor, Don Sweeting. "This is not a 'Sunday only' church. Our facilities are used almost every morning and every evening of the week," Sweeting explained. "We have added a second worship service for Sunday, but desperately need educational and recreational space for our junior high, senior high and children's ministries."

The congregation met outside and stood around the outline of the new building while the ground breaking took place. Presentations were made to those who have worked on the project. The outdoor service was led on top of a flat bed truck while the congregation looked on. Jim Savage, the church Elder chairman, led the church in a prayer of dedication.

## Police Beat

Persons charged with a crime are innocent until proven guilty in a court of law

### ANTIOCH DWLS

Joseph Bronder, age 26, of Antioch was stopped for allegedly traveling 59 mph in a 45 mph zone on Oct. 18. While Bronder was stopped on Route 173 it was discovered that his drivers license was suspended. Bronder was ticketed for speeding, failure to notify the Secretary of State of an address change, and driving while license suspended. He was released on bond.

### Damage to property

Person(s) unknown entered a cornfield on the corner of Tiffany and North Streets on Oct. 17 and drove over the uncut corn. There was an estimated \$700 in damage done to the corn.

Person(s) unknown broke picnic tables in Williams Park in Antioch on Oct. 17. Police speculate the damage was a result of jumping on the tables.

On Oct. 11, person(s) unknown broke the glass in a door of a local business causing \$300 in damage.

### Battery

Robert Gergas, age 23, of

Antioch was charged with battery on Oct. 17. Gergas allegedly stuck the victim in the face during an argument in the Las Vegas Restaurant. The victim was taken to Victory Hospital for further treatment. Gergas was released on bond.

### DUI

## Letters to the Editor

### All together

Editor:

Nov. 2 voters will be asked to support educational needs by voting "yes" for the Antioch High School Education Referendum.

We believe, with all our hearts, that this proposal is unavoidably imperative to the future of our high school and it's students.

This request is not one option of many, but rather the only option available to maintain and exist at a competitive pace with local, state and regional institutions. We are not being asked to buy a Mercedes Benz 500 SEL or a fur coat, but simply to replace the broken sump pump in the basement that quit working during the July rains.

It's not an easy task to go before the voters and ask for more tax dollars when all of us are already being taxed to death. If there was any other solution that would remedy this serious situation, we would be taking the immediate steps necessary to implement and correct.

We are your neighbors, your friends, your peers. We are common people, with a common understand-

ing of a major problem that affects us all at one level or another. By spending your money, we spend our own. We are in this together, sink or swim. Hopefully, by the end of the November balloting, we will be sitting on the shore together congratulating each other on a job well done.

### BEST lying

Editor:

There BEST goes again misrepresenting the facts (a.k.a. lying) to the Antioch Community High School Dist. 117 taxpayers. The Education Fund Referendum Committee's credibility continues to be strong among taxpayers who care enough about our community (and not about their own inflated egos) to get informed.

Mr. Warrender, concerned about the number of students taking the ACT, based his figures on the entire school population when everyone knows that only the junior class takes the ACT. He has been around enough to know this which leads me to believe that his

motivation is self-aggrandizement and a malicious intent to stir up controversy. It certainly can't be that he cares about our community and our kids.

The recent BEST flyer alluded to seven percent annual raises when the 1992-93 rate was just 3.9 percent and the 1993-94 rate was just 2.53 percent. Are these people motivated by truth and a desire to keep our community strong? Do they realize that their property values have already dropped because of all the bad press and false information they have distributed?

Even though we can't always agree on every issue, we must be accurate in our attempts to inform.

Please attend the Education Fund Committee informational meetings Wednesday, Oct. 27 in the ACHS Commons at 7 p.m. or call the Committee Hotline at 395-8991.

# HOME IMPROVEMENT

## Remodeling can add value

Finding it difficult to move around in your kitchen? Not enough workable counter space? Consider remodeling.

Remodeling your kitchen not only can make your home more pleasant, but also can add value to your home, say experts.

Although the kitchen is one of the most popular rooms in the house, it might not be meeting your family's needs. Before deciding whether to remodel, ask yourself such questions as: How much time does my family spend in the kitchen? What are my meal preparation needs? In other words, what fits my family's lifestyle best?

Before remodeling, consider visiting kitchen

showrooms for ideas, or sending away for literature offered by various home product companies.

The cost of remodeling your kitchen can vary. Many kitchen showrooms have designers, who, for a fee, can work up a design to meet your needs, based on your budget and preferences. A designer may be helpful, for example, if you have specific space problems in your existing kitchen.

When remodeling, keep in mind that the cost of fancy appliances and highly personalized features will not necessarily be recouped in a resale. Using moderately priced materials of quality can achieve a new look, yet

will withstand the test of time.

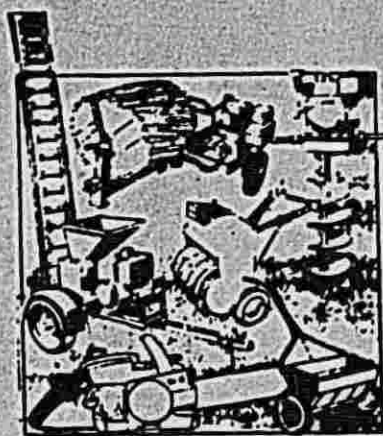

Many home furnishing stores now have ready-to-assemble kits for kitchen cabinets and other items. Doing it yourself is an option that can save you money. For proper sizing and installation, you may choose to use the store's computer design service. Also realize that the cabinets will take up most of your kitchen remodeling budget.

One of the easiest ways to change the look of your kitchen is by upgrading a major appliance such as the refrigerator. This is an effective way to add value to your home while creating a new look.

IT'S THE TALK OF THE TOWN

**Lakeland  
Newspapers**

(Continued from page 32)

they bark all the time. I am in the middle of two dog owners. One has three and the other has two. I think they are complete morons because they cannot control their animals. I am from Avon Township.

## Watch your own kids

Opening teen centers does not always work. Some communities have teen centers but not for long. Unruly teens come there and start trouble. Police have even been injured trying to control them. Maybe parents should keep their kids in their own homes and let their friends visit instead of expecting the community to watch them.

## No profit in center

I read the Grayslake fact pack. Ask anyone if they want an entertainment center and they will say yes. But, do we want to pay for it? No. Why don't private companies build pools and fitness centers? Because, there is no profit in them. I am voting no.

## Run over?

I am getting sick and tired of being run over by the people who refuse to obey the speed limit on Rollins Avenue. It is really bad in the morning. Are we waiting for a child to be run over before the speed limit is enforced?

## One person's actions

One morning in Florida, a doctor was on his way to work. Approximately 80 percent of the people treated him with indifference. Around 19 percent of the people he passed on his way to work protested what he did. And, 1 percent of the people he saw pulled out a gun and shot him to death. What does that tell you about the pro-life people?

## Just cool down

I think the situation at Gavin School is a bunch of baloney. Everyone should just cool down instead of wasting taxpayers money. They are not only hurting their son but every child in the school. I have kids in the school and it really irritates me that these people can go on and on about something that does not exist.

## Cat accident

I am looking to see if anyone happened to know who hit

a cat on Orchard Street in Ingleside. On Friday, Oct. 15. It was a beloved cat and it was left in the middle of the road. No one even had the courtesy to stop and let someone know. If anyone knows anything about it or has the guts to confess, I would really like to know.

## More shopping

People of Fox Lake, what is the matter with you? Why can't we get a shopping area up here? There is nothing. I think Woolworths will be going out next.

*Editorial note: Dear reader, from everything we have heard the Woolworths in Fox Lake will not be closing.*

## Not a believer

I am from Grayslake. I have just reviewed the fact pack. If anyone believes this, they must also believe in Santa Claus and the Tooth Fairy. I can't believe the officials would even propose such a thing in these difficult

economic times. It is unbelievable. The taxpayers should stop the park district from picking their pockets.

## Don't get a life

In answer to the person who asked the boys in Round Lake to get a life, don't. They should keep up the good work. Keep going to meetings and keep us informed. This is a democracy.

## Good job

I am calling from Lake Zurich. I want to congratulate the Lake Zurich sophomore head football coach. He has done a great job all year long. We are sorry he is leaving the school after 20 years. Good job of coaching, coach.

## Has some coats

I am wondering what charitable organization collects winter coats for the needy. I do not want to use Salvation Army. I have some at home but want to make sure they will be given to the right people.
